

By-Law Closing Alberta Street Bridge Passed By Village Council

Meeting Planned With Rawdon and Sidney Township Councils re Education

The regular monthly session of Stirling Village Council was held on Monday night with Reeve Don Rodgers in the chair. He was supported by Councillors Robt. Anderson, Bruce Glendinning, Maurice Faulkner and Robt. Hullin.

The following correspondence was read by Clerk-Treasurer W. L. Pollock:

Dept. of Municipal Affairs, re Provincial Assistance, auditors' report recommendations, District Community planning map; Stirling Public School Board, re June 23rd meeting; Dept. of Municipal Affairs, re unconditional grant; Dept. of Highways, contracts for road material, approval of contract with Hastings Asphalt Co. on street paving; County Health Unit, approval from Province.

A cheque was received from the Department of Municipal Affairs for \$1972.50, being the first half of the Provincial Unconditional Grant.

The monthly report as submitted by Police Chief C. E. Hicks was approved on motion of Councillors Faulkner and Hullin.

Mr. Clifford Clancy, Henry Street, interviewed Council in regards to having the brush cut on the roadside opposite his residence. The matter of cutting some of the brush on private property was discussed and on motion of Councillors Faulkner and Anderson, the Clerk was instructed to contact Robert Ord, a solicitor, for a legal opinion on the matter.

To Paint Centre Bridge

An invited tender for the painting of the centre bridge on No. 14 Highway from Harvey Couch and C. C. Nix for \$250.00 was accepted on motion of Anderson and Faulkner. Completion date was set at September 1st, 1966.

Public School Area Requested

A resolution from the Stirling Public School Board requesting action be taken to form an enlarged Township School Area, including all of the Township of Rawdon and the Village of Stirling, with the view of providing central school accommodation for Public Schools of both municipalities in Stirling was tabled. Following a lengthy discussion, during which all aspects of elementary and secondary education in the Village was discussed, a motion was passed by Councillors Anderson and Hullin to hold a special meeting with Rawdon and Sidney Councils to discuss the matter further and to see if a solution can be reached to the mutual agreement of all concerned.

Close Bridge

Council went into a committee of the whole, with Robert Hullin in the chair. By-law No. 683-66 was given its several readings and passed closing the Alberta Street bridge over Rawdon Creek to vehicular traffic, but will be so barricaded as to allow pedestrians to walk across the bridge.

This action was deemed necessary by Council owing to the condition of the structure and with the new two-lane bridge over the mill pond now taking the bulk of the traffic.

The following accounts were passed for payment:

General

Bell Telephone Co., police, \$51.92, fire hall, \$28.72, total, \$80.64; Stirling Public Utilities, \$1.83; J. A. Chambers, \$2.40; Alton Hadley, \$1.26; Stirling Lumber Ltd., \$2.20; City of Peterborough, \$11.43; Wells Ford Sales, \$9.34; W. L. Pollock, \$7.07; Edgar's Garage, \$5.08; Charles E. Hicks, \$70.11; Don Tucker, \$18.00.

Community Hall

Stirling Lumber Ltd., \$3.19.

Cemetery

McIntosh Motors, \$14.83; Wells Ford Sales, \$6.80.

Injures Hand

Thos. Saries, Cheesemaker at the Central Cheese Factory, Mount Pleasant, suffered painful injuries to his right hand Friday afternoon while working with the cream separator. A portion of his right forefinger was severed and the other fingers were bruised. He received medical attention at Belleville General Hospital where the hand was put in a cast.

Rawdon Township Council's Reply to the Rawdon T.S.A. Board

Rawdon Township Council feels that at this time it would not be feasible to ask County Council to convene on such short notice for a special meeting. We would appreciate further particulars on your plans for school areas.

Also, the Council feels that the surplus of seventy thousand dollars is too much money to turn over to school area.

This Council is not opposed to school area, but we feel we need more information and would be pleased to meet with the School Board at any time to make plans for next year.

Stirling Chamber of Commerce Make Plans For Annual Western Days

Draw For Pony And Other Prizes Will Be Made On Friday Night, September 2

A well-attended meeting of the business section of the Stirling Chamber of Commerce was held at the Council Chambers on Wednesday night of last week. President Ted Cairns chaired the meeting.

A lengthy discussion was held in regards to street lighting for the Christmas Season. Several suggestions were made on how money could be raised. A committee of George Noble and Graham Mouck was appointed to look further into a proposed project and details will be released in the near future.

It was also decided to investigate the possibility of procuring several benches to be placed in the downtown business section.

To Observe Fair Week

The Chamber of Commerce will again work in conjunction with the Fair Board and will be holding Fair Week Specials. Plans were made to have free draws on a pony the Friday night of the Fair, along with a number of other free draws, which will be donated by various merchants. A parade will also be held the morning of the Fair and plans are already being made to start it earlier and to have it better organized than last year.

The Chamber of Commerce also decided to have store hour cards printed as a convenience to the shoppers of Stirling and district.

Editorial

LET'S BOOST, NOT KNOCK, STIRLING

In reference to the Letter to the Editor, which appeared in last week's edition, we wonder if the writer really took a good look at all Stirling has to offer and the progress made in the past twenty-six years.

True, we may not have the same kind of dining rooms or accommodations as large centres can offer, but for a small community they serve the needs and the food is clean and wholesome.

We do not remember how the business section looked twenty-six years ago, but many merchants in the past several years have gone to considerable expense to improve and enlarge their places of business.

Stirling is beautifully situated and has many fine homes and attractive tree-lined streets. The Stirling Chamber of Commerce and Horticultural Society work continually to improve the Village.

Just recently, a sales representative of a large city firm, making his first visit to our town, remarked that he was amazed at the number of attractive homes and places of business for a community this size. True, we have room for improvement. Some buildings could stand repairs and a coat of paint, but on the whole, we think this is a very charming, clean community and a nice place to live.

Let's not knock our town, but continue to work towards making Stirling one of the most attractive villages in Hastings County and the Province of Ontario.

Lawn Bowling Club Holds Card Party

A successful card party, sponsored by the Stirling Lawn Bowling Club was held on Monday night at the Club House. This was a wind-up of the regular card parties held throughout the winter months.

Nine tables were in play and the ladies' high prize went to Luella Bronson and consolation award to Dorothy Hawker. Men's high was won by Roswell Reid and consolation by Byron Aide. A birthday prize was won by Mrs. Alex Tanner.

Prizes were awarded for the most lone hands obtained during the scheduled card parties held in the winter. Evelyn Burgess and Ted Barnard were the winners.

Draw For Radio

Club members have been selling tickets on a portable transistor radio, donated by Don Dean, and the winning ticket was held by Robt. Hullin. Mrs. Alex Tanner made the draw.

Mrs. Jack Doran, President of the Ladies' Section of the Lawn Bowling Club, thanked all for coming to the party and for their interest during the card parties held in the winter months.

Refreshments were served and a social half hour enjoyed.

Mixed Doubles Tournery Held

Three 14-End Games Played — Seven District Clubs Represented In The Draw

With the greens in splendid condition, the bowlers participating in Saturday's mixed doubles tournament at the local green played some very close games. Three 14-end games were played and Campbellford, Kingston, Belleville, Trenton, Madoc, Peterborough and Stirling teams were represented.

A Belleville team of Morley Galt and Kitty Owen, Kingston, won high honours for the day with three wins and a score of 49 plus 3. Other three-game winners were Percy Locke, Madoc, and Evelyn Burgess, Stirling, with a score of 46. Two-game winner was a Peterborough entry of Bob Guppy and Brenda Mappin, with a count of 49 plus 6. High for won win went to Mr. and Mrs. H. Buck, Kingston, with 40 points.

The visiting bowlers were welcomed by President Jack Doran, who also conducted the draw and presented the prizes at the end of play.

The ladies of the local Club served dinner at the supper hour.

Bowl At Kingston

On Dominion Day, Friday, July 1st, three teams of Stirling bowlers represented the local Club at the Kingston Mixed Doubles Tournament. They were Mr. and Mrs. Earl Fox, Verna Woodbeck and Ted Barnard and Jane and Jack Doran.

Accept Positions

Miss Alice Dykstra and Miss Janny Zuidema have accepted positions with the Bell Telephone Co. of Canada. They began their duties as long distance operators at the Belleville Office on Monday of this week.

Hastings County History Pictures Required

Work is proceeding on the Hastings County Council's Centennial Project — a County history. Under the direction of Gerald Boyce, the first thirty chapters of text have been prepared.

Pictures, early maps, and interesting advertisements and business letterheads are still needed to complete the work.

If anyone has such material and is willing to loan it, he is asked to send it to the County Clerk's Office, County Building, Belleville, or bring it to the Hastings County Museum any day from July 11th to 15th between the hours of 9 and 5. On these days workshops on the history book are being held at the museum, 240 Church Street, Belleville.

The section of the book completed so far deals with general topics such as the Indians, the beginning of settlement, the Marmora Iron Mines, the Hastings Road, Ontario's first gold rush at Eldorado, the Belleville Riot of 1877, the Trent Canal, etc.

Later chapters will deal with the individual municipalities including Tweed, Stirling, Madoc, Marmora, Bancroft, Deseronto, Trenton, and the townships.

International Driving Permits

Canadians planning to travel abroad may now obtain International Driving Permits, the Ontario Department of Transport has announced.

The Department has authorized the Canadian Automobile Association and through it, the affiliated Ontario Motor League Clubs, as the issuing authority for I.D.P.'s in Ontario. They will be recognized in 77 different countries.

Fee for the permits, issuable to any holder of a valid driving licence, is \$3.00.

A spokesman for the Department urged all Ontario residents to obtain I.D.P.'s before leaving Canada.

Issuance of the permits has been the 1949 United Nations Convention on Road Traffic agreed to by all the Canadian Provinces.

Under its terms, Canadians travelling overseas will now share the same reciprocity with respect to licences in international traffic as do the residents of the 77 other signatory nations.

A statement issued by the C.A.A. noted that Canadian driving licences are already recognized in most Western European countries. However, without an I.D.P. there are often embarrassments and misunderstandings for motorists contacting local authorities who have no understanding of English.

I.D.P.'s are printed in 10 languages, including the five official languages of the United Nations: English, French, Spanish, Russian and Chinese.

County TB Assoc. Reports on Activities

The management committee of the Hastings County Tuberculosis Association held their regular monthly meeting recently at the home of Mrs. N. Hallam, with an excellent turnout of the newly appointed members. They were thanked by the new president, Wm. H. Nickle, for this fine showing of interest.

The usual business was transacted and accounts presented for payments.

The chairman of Social and Rehabilitation, Mrs. Elaine White, gave a detailed report of her activities with the patients since the last meeting. The patients were visited at Ongwanada Sanatorium during June, and any of their needs were looked after. Local newspapers are supplied to patients as well as toiletries and other small items. Materials for the therapeutic treatment of patients is supplied.

'Flu shots for ex-patients have now been completed and they will be contacted once more in the Fall for booster shots. She also reported on a proposed visit to patients at London and Woodstock during the summer months.

During the past year, it was the decision of the members that the Mobile X-ray Unit from Ongwanada Sanatorium would be hired at a cost of \$1.00 per film to take X-rays of employees in industry, on an experimental basis, as an added service to the community. This unit was also used

at the Belleville, Tweed and Shannonville fairs. Employees at the following businesses have been x-rayed through these clinics: Rite-way Store, Canadian National Railways (Belleville Division), Bell Telephone, Lannings Ltd., McFarlane-Gendron, Ontario Hydro, Vagden Mills, Avon Jewellery, Wilson Concrete, American Optical, Corby's Distillery, Black Diamond Cheese, City of Belleville Police Department, Fire Department, Electronic Controls Ltd., Morch Manufacturing Ltd., The Intelligencer and Bata Shoe Co. Ltd.

This service covered approximately 3,500 employees in Hastings County, plus the citizens covered at the fairs. Any abnormalities resulting from these x-rays were then given a larger x-ray at the Provincial Chest Clinic. The association is pleased to report that to date no active tuberculosis has been discovered as a result of this survey.

Two Dozen Tourists Equal One Factory

Tourists don't have smokestacks but if a city had 24 visitors every day of the year, the revenue derived would be equivalent to setting up a new industry with a payroll of \$100,000. A recent survey revealed this striking statistic.

It's a real friend who likes you in spite of all he knows about you.

Accidents don't just happen. They are caused.

In Memoriam

HAGERMAN — In loving memory of a dear Grandfather, Milton Hagerman, who passed away July 7th, 1964.

They say time heals all sorrow,
And helps one to forget,
But time so far has only proved,
How much I miss him yet.

— Always remembered by his
Granddaughter, Sandra. 27-1p

HISTORICAL PLAQUE UNVEILED AT CAMPBELLFORD

On Saturday, June 18th, 1966, an Archaeological and Historic Sites Board of Ontario. Those taking part in the ceremony were, left to right: Mr. Jesse Locke, a long-time resident of Campbellford; Mr. Ken Parr, Reeve of Seymour Township; the Honourable George Hees, M.P., (Northumberland); Dr. J. M. S. Care-

less, Co-Chairman of the Historic Sites Board of Ontario; Rev. Owen Barrow, Rector of Christ Church, Campbellford; Mr. J. R. Connor, President of the Campbellford Chamber of Commerce; and Mr. Russell Rowe, M.P.P. (Northumberland).

Air Show Staged By Oak Hills Flying Club Proves Very Successful

Despite record heat, on Sunday, June 26th, the Oak Hills Flying Club Air Show proved to be a complete success.

Over 700 people were treated to a full aerobatic display which might never be witnessed again in this area as the type of aircraft used is fast becoming obsolete.

At 1.00 p.m., the show was official-

ly opened by Ray Irwin, flying a home-built Jodel, doing both high speed and low speed passes.

The second aircraft to participate was a J4 Cub, owned by John Fetter and piloted by Ray Irwin, doing a series of stall turns.

At 1.30 p.m., there was a display of streamer cutting by Chief Flying Instructor Murray Clapp of the P.E.F.C.

Picton, using a standard Aeronca training aircraft.

The first parajumpers left the aircraft at 2.15 p.m. and the second parajumpers at 4.15 p.m., from an altitude of 7500 ft.

At 2.30 p.m. there was a formation fly-pass by Harold Wannamaker, of Oshawa, in a Harvard, and Sally Wagner, flying a Chipmunk aircraft. Sally is the only lady in Canada presently taking aerobatic instruction.

At 3.00 p.m. an 82-year-old lady, curious about aircraft, mistakenly took off and caused quite a bit of excitement, until she made a safe landing.

At 3.30 p.m., there was a full 30 minutes of aerobatics by Harold Wannamaker, of Oshawa, in a Harvard, doing a complete series of loops, spins, rolls, etc., and it was certainly a thrilling display of precision flying.

At 4.30 p.m., the Search and Rescue helicopter took off and the public was treated to an exhibition of flying by the helicopter.

The officers of the Oak Hills Flying Club would like to thank all who helped in any way.

Local 171 Ontario Farmers' Union

The regular meeting of Local 171, Ontario Farmers Union, was held at the home of Mr. and Mrs. Morton Reid. There was a lengthy discussion on milk and cheese. It was decided to order fifty cook books. A Strawberry Social will be held at Spring Brook Recreation Centre in July.

A protest meeting was held at St. Peter's Auditorium in Peterborough on June 23rd, with a good attendance.

Murney Bateman thanked Mr. and Mrs. Reid for the use of their home. The ladies served lunch and a social hour was enjoyed.

Dainty refreshments were served by the Harold mothers, followed by a social hour.

Historical Society May Have to Close Hastings Museum

Hastings County Museum may have the distinction of being the only museum in Canada to close its doors in 1967. T. S. Ransom, past president of Hastings County Historical Society and its museum chairman told the executive of the society at a meeting recently.

He continued: "We as a historical society have carried the ball about as far as we can. On our present finances, we can only coast along on a limited basis, offering a minimum number of hours of operation and curtailed services to the community."

Cause of the museum's difficulties, Mr. Ransom explained, is higher curators' fees due to minimum wage laws and longer hours of operation. Services to school children and public exhibits have also taken a large bite out of the society's budget.

As one solution to the museum's problems, the executive decided to form a ways and means committee to explore the possible setting up of a series of regional museums in Hastings County under a museums' board.

The committee will meet with Peter Strymo, museum advisor of the Ontario Department of Tourism and Information, with County Councils and with the municipalities of Belleville and Trenton.

Two Museums Planned

In addition to Hastings County Museum on Church Street, Belleville, museums at Bancroft and at O'Hara's Mills, near Madoc, are now in the planning stage. Co-ordination of their operations under a central, municipally-run board might result in increased efficiency and economy of operation, the executive decided. The board would function independently of the Historical Society.

Until the ways and means committee brings in its report, the local museum will continue normal summer operation for the month of July at least. Cutbacks, if necessary, will be decided upon at a later date.

Museum revenue now comes from provincial grants of \$600 a year and one-third of curators' fees, a County grant of \$200, \$450 from the City of Belleville and \$50 from Trenton. In addition, Historical Society memberships, admission fees and sales desk income brought it over \$700 last year, giving the museum an operating budget of \$3,588.

The museum is custodian of the Coudrey Collection of European Antiques, bequeathed to the city by a former Belleville resident, and the recently purchased Paul collection of lighting devices.

Wellman's W.I.

The regular June meeting of Wellman's W.I. was a tour of the American Optical and the Black Diamond Cheese Plant in Belleville.

At the American Optical plant, three guides conducted the tour and explained the process of the making of different types of glasses. At the Black Diamond plant, Miss Cathy Cooke took the group of ladies through the plant, viewing the different types of cheese packaged ready for sale. Each tour was very educational.

Mrs. Keith Clancy convener for Agriculture and Canadian Industries, planned the tour.

Carmel

(Mrs. Arthur Pyear)

On Tuesday afternoon, the Glen Ross School pupils, Grades I to III, and their teacher, Miss Bari Dunlop, went by bus to Stirling and were

given a tour of inspection of the Fire Hall and its equipment.

On Wednesday at noon the mothers of the pupils gathered at the Glen Ross School and enjoyed a picnic dinner with the teacher and pupils. A programme of races and games was supervised for the children. The teacher, Miss Dunlop, was presented with a necklace and matching bracelet of gem stones, mined and finished in Hastings County. She is leaving to teach in Etobicoke, after two years in the Glen Ross School.

Mr. and Mrs. George Carlisle, Stirling, and Mr. and Mrs. Joe Grills, of Carmel, were Sunday visitors at the home of Mr. and Mrs. John Carlisle.

A Letter To The Editor

Concerning last week's letter to the editor, I would like to point out to this person or persons that Stirling does have more than one place to

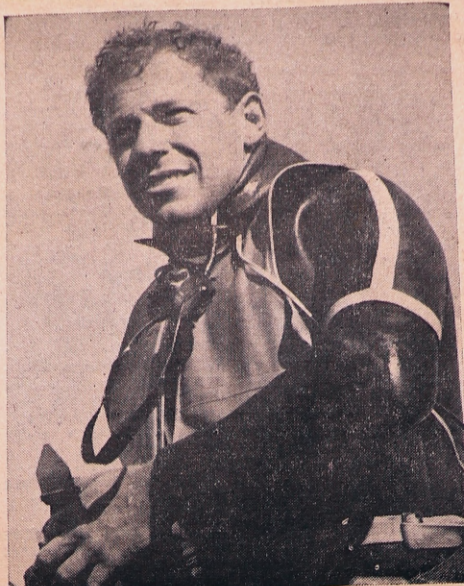

eat and they are just as clean and put up just as good food as the Dairy Bar. Also, Stirling has just as nice, if not better buildings as some other towns or cities.

And as far as Elaine Footwear not being big enough for Stirling, I would say that Stirling is not big enough for Elaine Footwear, especially when they have to hire employees from as far away as Bancroft, McArthur's Mills, Coe Hill and Madoc as well as around Stirling district.

In the last few years, Stirling has progressed considerably. We have two new bridges, new town lighting, sewer system, roads redone and a lovely ball park. If some people can't see the progress Stirling has made in the last twenty-six years, they must be blind.

Your truly,
Roy P. Lake

Entered Into Rest

MRS. JOSEPH HOLLINGER

After a lengthy illness, Mrs. Joseph Hollinger, of Foxboro, died, Thursday, June 30th, in the Prindle Nursing Home. She was in her 80th year.

Born in Rawdon Township, the daughter of the late Mr. and Mrs. William Rodgers, she had resided at Foxboro since 1952 and in Sidney Township before that. Mrs. Hollinger was a member of Foxboro United Church.

Survived by her husband, Joseph, she also leaves two daughters, Mrs. Donald (Mary) Johnson, Stirling, and Mrs. James (Margaret) Reynolds, Foxboro; three sons, Roger, of Barrie, Harold, of Stirling, and Bernard, of Foxboro; thirteen grandchildren and three great-grandchildren. A brother, Hiram Rodgers, also survives.

The funeral was held from the Grant Funeral Home on Saturday afternoon. Rev. C. C. Gilbert conducted the service in the chapel and also the committal rites at Foxboro cemetery.

The bearers were Messrs. Fred Prindle, Clayton Hamilton, Clifford Wilson, Murney Reynolds, Stanley Sherry and Herb Watt.

MRS. THOMAS H. WEBB

Mrs. Martha Jane Webb, of Campbellford, died Monday, July 4th, at Campbellford Memorial Hospital, in her 95th year. Daughter of the late Mr. and Mrs. William T. Y. Lidster, she was predeceased by her husband, Thomas H. Webb.

She leaves a daughter, Nellie (Mrs. Clarence Barnum) of Campbellford; a son, Gordon T. Webb, of Bonarlaw; and a sister, Emma (Mrs. Albert Bateman), of Spring Brook. She was predeceased by four sisters, Mrs. Henry Green, Mrs. Alex Wood, Mrs. Rufus Joyce and Mrs. Charles Carter, and two brothers, Wilbert and James.

A member of Spring Brook United Church, she was a life member of the Spring Brook Women's Institute and had been active in the United Church Women.

Mrs. Webb is resting at the Bennett-Weaver Funeral Home. The funeral will be held Thursday at Spring Brook United Church at 2 p.m. Rev. H. E. Beare, of Rosemeath, assisted by Gordon Apps, of Spring Brook, will officiate.

Teacher Honoured At Wellman's

On Tuesday, June 28th, the pupils and several mothers of S.S. No. 8, Rawdon (Wellman's Corners) enjoyed their annual school picnic at Oak Lake. Following the dinner, Virginia Pollock read an address to Mr. Lyle Couch, the teacher, who is leaving Wellman's School to teach next term in a Peterborough school. Catherine Seeley made the presentation of a travel alarm clock.

Following is a copy of the address: Dear Mr. Couch:

It is with a feeling of deep regret that our School Section has learned that you are going to leave us. During the two years you have been our teacher, we have appreciated so much the interest you have taken in our progress in school. You have

been ever ready to assist us whenever necessary.

As we grow up to manhood and womanhood and take our places in the world, we hope that through early teachings and influences that you will be proud of us and be able to say: "That was one of my pupils at S.S. No. 8."

We hope that you will happily dwell on memories of Wellman's where you taught so well.

A jolly companion, and loyal friend, too.

It's hard to imagine our school without you.

We all have our faults, which were headaches to you.

Perhaps you'll forget them as you start anew.

But we'll always have memories of that first semester.

When a handsome young fellow became our school master.

Our parties and concerts on those special days.

You planned them and trained us in

so many ways. From e-la-man-left, choral readings and songs.

You encouraged us, praised us and righted our wrongs.

Will you always remember the soccer game cheer?

Hurrah, we're in luck, Mr. Couch is now here.

For nothing would keep you from the ball barred.

And your goals would bring shouts from all over the yard.

It's an honour to say "Thank you" for all that you've done.

And count all the friendships that you have won.

We know that our memories of you will not die.

And so now, Mr. Couch, we bid you "Good-bye".

We would ask you to accept this small token of our deep appreciation, and trust that it will ever bring fond recollections of your stay with us.

Signed on behalf of your pupils of S.S. No. 8

Stirling Fall Fair Prize Lists Offer Excellent Prizes In Various Classes

Revision of Horse Classes and Ladies' Sections — Achievement Day for clubs

The prize lists for Stirling Fall Fair, to be held on September 2nd and 3rd are ready for distribution. The Directors have endeavoured to make the prize lists attractive and have been well supported by outside firms and local citizens who have offered special classes in the various classes.

Horse Classes
A complete revision of the various horse classes has been effected. Prize monies have been increased and a special effort has been made to make this section attractive to exhibitors. A programme of the various events for the horse classes has been added to the prize list for the convenience of exhibitors.

There will also be the customary events for heavy horses and ponies. There are several special prizes offered which should result in one of the best shows of horses at Stirling Fair in years.

Western Games
Plans are well under way for holding a Western Games programme at the Fair this year. This event will feature Barrel Racing, Pole Bending, Reining Contest, Keyhole Race and Quarter Mile Race. There will be trophies, monies and ribbons for each event. This attraction should prove very interesting as horse clubs from Ottawa, Montreal and Kingston have already stated that they will be attending. This was a popular feature of the Fair last year and indications already point to a larger number of entries this year.

In the cattle classes, prizes are offered for Ayrshire, Holstein, Jersey, Hereford, Dual Purpose and beef breeds. There are also special prizes listed for all classes.

The customary classes are provided for sheep, swine, and poultry.

A feature this year is the Eaton's of Canada Livestock Special, awarded to the exhibitor winning the highest number of points in the Livestock Classes. An exhibitor winning this trophy at another 1966 Fair will not be eligible at the local Fair.

Ladies' Work

The ladies work section of the prize list has been revised and includes children's wear, ladies' wear, men's wear and home-craft divisions. There is also a junior section featured for exhibitors from 9 to 12 years and teenagers. Attractive prizes are offered as well as several good specials donated by interested parties.

There are also classes for Cheese, Garden and Roots, Fruit, Grain and Seeds and Domestic Science.

Public School

A special section for Public Schools is also included with good prizes being offered for exhibits in various classes.

Junior Farmer Section

There is a Junior Farmer Section in which the Achievement Days of the various 4-H Clubs are featured. There are four Clubs, the Stirling 4-H Club, Hastings 4-H Club, the Trent-Moira 4-H Forestry Club and the South Hastings 4-H Potato Club. These Clubs are sponsored and financed by the Canada and Ontario Departments of Agriculture and the Stirling Agricultural Society.

Dance At Night

Plans are also being completed for holding a gala dance at night at the Fair Grounds.

Be An Exhibitor

The farmers and their wives, as well as local citizens, are urged to get a prize list and be an exhibitor in one of the many classes offered. The Agricultural Society sponsors the Fair entirely in the interests of the farmers of the surrounding district and should be encouraged. Copies of the prize list may be obtained from R. E. Shortt, Secretary, or at the News-Argus office.

Friends of Elwood Bateman will regret to learn that he is a patient in Belleville General Hospital. He was admitted on Thursday of last week.

Sentenced For Local Break-Ins

Carl Kenneth Buck, of Trenton, was recently found guilty by Judge Currelli, of Cobourg, on breaking and entry charges at Anderson's Dairy, Campbellford, and Empire Cheese Factory, east of Campbellford.

On Monday of this week, he appeared before Magistrate Baxter, at Cobourg, for breaking and entry at Morton's Body Shop and Tanner's Service Station, Stirling, on April 5th. He was sentenced to 12 months definite and 12 months indefinite. The sentences will run concurrently. He also confessed to breaking into the Hilltop Restaurant, Trenton, in March.

Police Chief C. E. Hicks, Stirling, assisted in the investigations.

The Monkey's Viewpoint

Three monkeys sat on a cocoanut tree

Discussing things as they're said to be;

Said one to the others "Now listen you two —

There's a certain rumour that can't be true;

That man descended from our noble race,

Why, The very idea! It's a dire disgrace.

No monkey ever deserted his wife —

Starved her baby — or ruined her life.

And you've never known a mother monk

To leave her young with others to bunk —

Till they scarcely knew their mother.

And another thing you'll never see

A monk build a fence round a cocoanut tree,

And let the cocoanuts go to waste

Forbidding all other monkeys a taste.

Why if I built a fence around this tree —

Starvation would force you to steal from me.

Here's another thing a monkey wouldn't do —

Go out at night and get on a stew,

Or use a gun or a club or a knife

To take some other monkey's life.

Yes, man descended, the ornery cuss,

But brother — he didn't descend

FROM US.

Historical Sketch of Stirling Village In Hastings County Directory 1879

Editor's Note — The following historical sketch of Stirling Village is taken from a Hastings County Directory published in 1879.

Stirling is a thriving and prosperous village situated partly in the Township of Rawdon, and partly in the Township of Sidney, but within the electoral district of North Hastings. It was incorporated in the year 1865, and has a population of about 1,000. Located in the heart of a thickly settled and fine agricultural part of the County, and being possessed of one of the best flouring mills in the county, one foundry, sash factory and planning mills, and other manufacturing and the Grand Junction Railway running through it, it must become an important town, and a central market for the products of the County. The original flour mills together with a woolen factory, were built by Mr. W. Baker, in 1852.

In February, 1866, the flouring mills were totally destroyed by fire. The whole of the property was afterwards purchased by the late Mr. D. McDougall, who fitted up the woolen factory, which is a four storey stone building, at a great expense as a flouring mill, and by introducing the very best machinery with all the latest improvements, has made it one of the best in the country. It is partly run by water from the Rawdon Creek, a tributary of the river Trent, and partly by steam. The capacity of the mill is about one hundred barrels of flour per day. It is leased by Messrs. J. B. Parker and Walter Craske. In the summer of 1868, Mr. White, M.P., purchased the site and ruins of the old mill and rebuilt it, and fitted it up for a first-class foundry.

It has since been purchased by Mr. John Graham, and with its capabilities is doing a good business in the manufacturing of steel ploughs and farming implements in general.

The sash factory and planing mills (a brick building) is owned by Mr. William Martin, and leased by Mr. William Butler, and is worked altogether by steam power. It contains the very best improved machinery of the day in all its departments, and is doing a good business.

The Grand Trunk Junction Railway which is completed from Belleville to Hastings, passes through the village and will establish an important market and a depot for the purchase and shipment of grain, cheese and all other products of the farm, besides being the outlet for the north country.

Another epoch in the history of the village is the establishment of a weekly newspaper, under the name of The Stirling News-Argus. Mr. John H. Thompson is editor and proprietor. The village is well supplied with

Old Age Pensions At Age 68

In January of 1967, 38,000 people in Ontario who have reached the age of 68 and have a minimum of ten years' residence in Canada will be eligible for Old Age Security payments of \$75.00 a month. To date only 12,500 applications have been received. The Regional Directors of Old Age Security is appealing to all residents who will be 68 in 1967 to send in their applications as soon as possible to ensure that cheques can be issued to them on time. Applications for Old Age Security may be obtained from any Post Office and should be sent to the Regional Director Old Age Security, 25 St. Clair Avenue East, Toronto 7, Ontario.

Birth or baptismal certificates where available should be submitted with the applications. If such documents are not available or cannot be obtained, the application should be completed and sent to the Regional Director in any case. The Regional Office will assist applicants in obtaining other evidence of age.

The age requirement for Old Age Security is being reduced each year until January, 1970, payment may be made to persons who are 65 years of age and over.

Sufficient Cause

"What makes you think he's a confirmed bachelor?"

"He sent his picture to a Lonely Hearts Club and they sent it back with a note saying, 'We're not that lonely.'"

Engagement

Mr. and Mrs. Robert S. Matthews, R.R. 2, Harold, Ont., wish to announce the engagement of their daughter, Brenda Ruth, to Mr. John Vincent Tuepah, son of Mr. and Mrs. Francis Tuepah, Oshawa, Ont. Marriage will take place Saturday, August 13th, 1966, at Holy Rosary Church, Belleville, Ont., at 11 o'clock a.m. 28-1p

To Discuss Formation Senior Citizens' Club

A meeting of interested persons concerning the forming of a Senior Citizens' Club in Stirling will be held in the Council Chambers tonight (Wednesday) at 8.00 p.m. The meeting has been arranged by the Recreation Council. Mr. Don Maddocks, Belleville, District Representative of the Education Department Community Programmes Branch, and a senior representative from Toronto, will be present to address the meeting.

All Senior Citizens interested in the formation of such a club are urged to attend the meeting tonight at the Council Chambers.

Let's Have The News

The summer season is here and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know.

Presentation Party In Honour of Mr. and Mrs. Stanley Irvin

On Friday evening, July 8th, a large number of folk from the community gathered at River Valley School House in honour of Mr. and Mrs. Stanley Irvin, previous to their departure to their new home in Stirling.

Mr. Harry Morrow was chairman and spoke briefly after which he contributed several anecdotes.

The assembly singing was in charge of Mrs. Sheldon McIntosh, with Mrs. Philip Conley as pianist. Mrs. Ernest Carr read a humorous selection and musical numbers with violin and drums were given by Norman Rosebush and Kenneth Morrow with Mrs. Conley presiding at the piano.

Stanley and Kathleen were given seats of honour and Mrs. Roy Bush read an appreciative address on behalf of the River Valley Community and they were the recipients of a pole lamp, wall mirror and brass fernery. The presentation was made by Glenn Brooks, Ken Morrow and Norman Rosebush.

Presentation to Mrs. Irvin

On behalf of the members of River Valley Women's Institute, Mrs. J. R. Donohoe read an address to Kathleen and Mrs. Glenn Bush made the presentation of a china tea pot.

Stanley and Kathleen expressed gracious thanks to all who had contributed to their party and said they will always have happy memories of their sojourn in the Valley for the past twenty years.

Refreshments were served and a social half hour enjoyed.

JOINERS

TAKE A LOOK AT THE roster of any association — be it Home and School, a business group or a service club — and compare the membership with the small core of those that really belong.

There are a great many joiners but very few doers in every club.

An association is only as good as the executives and committee it has — providing they surround themselves with a good nucleus of doers. Anyone can join a club, but it is only through active participation that a member will receive any satisfaction in belonging.

There are too many hangers-on in every club. They join to take in social activities, to justify extra expenses, to treat pet customers, or get away from the wife and family for a night — the list of reasons can be endless — but for the good of the club, they contribute nothing. Ever content to sit back and reap the benefits, they will not take part in the ways and means of achieving the club's objectives, they will not help out on various projects.

With the great exodus to suburbia and the formation of citizens' associations, boy scout and girl guide group committee, service clubs et al, the same persons who served on one executive no doubt was active with several others — these were the ones who took an interest, these were the ones who did all the work, these were the ones who were called upon time after time to contribute, while others in the community reaped the benefits of the doers' results — by doing absolutely nothing.

A handful of executives and directors cannot plan, let alone carry out, a program or a project without the aid of its entire membership. Each and every member must contribute for the good of the entire association.

DO WE REALLY BELONG?

first-class dry goods stores, groceries and mechanics shops of all kinds.

A great improvement has taken place of late years in its buildings. In stores it will compare with places much larger in size, and its residences cannot be surpassed in the county. It has suffered very much of late by fire, but the buildings destroyed have been replaced by more commodious and substantial buildings, as well as ornamental.

graded schools in the country, with an efficient staff of four teachers under the management of a united Board of High and Public School Trustees. The school house, a handsome brick building, 60x40 feet was erected in 1874 at a cost of \$6,000. The grounds 13 acres in extent are made beautiful, and ornamented with shade trees, shrubbery, and flowers, and the play grounds are supplied with gymnastics and other means of healthy amusement.

Good Progress Being Made on Addition To Hospital

Two-thirds of the fourth floor level of the 8-storey block "A" addition to Belleville General Hospital has now been poured, as have some 500 square yards of the first floor level of block "B".

Elsewhere around the construction site, the foundation for the retaining wall at the southwest corner of the hospital property has been completed, and the brick work for the new loading dock at the east side of the existing hospital was finished several days ago.

Also, the transformer and switch gear have been installed for the new electrical sub-station.

Kuck -- Meiklejohn Wedding

St. Andrew's United Church, Marmora, was the setting for the wedding recently of Linda Catherine Meiklejohn, daughter of Mr. and Mrs. Granville Meiklejohn, of Marmora, and Robert Hamsher Kuck, son of Mr. and Mrs. Robert H. Kuck, of New Knoxville, Ohio. Rev. J. M. D. McLeod, of St. Andrew's, performed the ceremony, assisted by Rev. Grant Meiklejohn, of Capetown, Ontario, uncle of the bride.

The bride, given in marriage by her father, wore a full-length crocheted lace gown, fashioned in sheath style with chapel train falling from the shoulder. Her headdress and veil were of Spanish mantilla design and she carried white gardenias and stephanotis.

Mrs. D. C. Trumble, of Chesley, was matron of honour for her sister and Miss Susan Kuck, the bridegroom's sister, of New Knoxville, Ohio, and Miss Betty Rowe, of Orillia, were bridesmaids. They were gowned in shrimp-coloured organza over taffeta. Their floor-length dresses were fashioned in A-line style with bell sleeves and matching organza bow headpieces. They carried bouquets of talisman roses and fern.

The bride's nieces, Brenda and Linda Sanders, flower girls, were in shrimp-coloured lace over taffeta sleeveless floor-length gowns with matching velvet bow headpieces. They carried nosegays of orange blossoms.

Mr. Edward Stapleton, of St. Mary's Ohio, was groomsmen and Michael Ruck, brother of the bridegroom, and Colin Seteson, of Culver, Indiana, were ushers.

Mrs. Maurice McLeod played traditional wedding music and accompanied the soloist, Mrs. Bruce Glendinning.

The reception was held at Marble Point Lodge, Crowe Lake, where the bride's mother received in a mint green lace dress with a coat and green and white accessories. The bridegroom's mother was wearing a champagne-coloured lace dress with overjacket. Both wore corsages of coral talisman rose.

Following their wedding trip to Quebec, the couple will live in New Knoxville, Ohio.

Caterina -- Long Wedding

Mary Ellen, daughter of Mrs. John Francis Long, of Frankford, and the late Mr. Long, and Oronzo Caterina, of Ottawa, son of Mrs. Michael Caterina, of Bitritto, Italy, and the late Mr. Caterina, were married by Rev. J. F. McGarvey in St. James' Church, Stirling, on Saturday, July 2, 1966, at 10.30 a.m. Mrs. J. Clinton McGee, of Whitby, was organist and Miss Roseanne McAvoy, of Stirling, was soloist.

The bride, given in marriage by her uncle, Mr. Harry J. Long, R.R. 3, Trenton, wore a floor-length gown of white silk over taffeta. It featured a sweetheart neckline and elbow-length sleeves, both bordered with ribbon lace. The A-line skirt, trimmed with two rows of ribbon lace down the front, fell from an Empire waistline, and the chapel train was bordered with ribbon lace and self bows. Her chapel-length veil was held by a white velvet flower headpiece and she carried a bouquet of camellias and stephanotis.

Mrs. Carl Pitman, of Stirling, was matron of honour, and the bridesmaids were Miss Sharon Scott, of Belleville, cousin of the bride, and the Misses Nancy and Dina Caterina, of Toronto, nieces of the bridegroom. They were dressed alike in copen blue silk organza floor-length gowns with Empire waistlines and elbow-length sleeves with Alencon lace and blue velvet ribbon insertions. They

carried bouquets of Shasta daisies and pink rosebuds.

Miss Marion Olsen, of Chelmsford, Massachusetts, cousin of the bride, was flower girl, dressed in yellow and carrying a basket of summer flowers. Mr. John Caterina, of Toronto, was his brother's attendant and the ushers were Mr. Angelo Albergio, of Toronto, Mr. John Long, of Kingston, and Mr. Michael Long, of Toronto, both brothers of the bride.

For the reception at the Batawa Recreation Centre in Batawa, the bride's mother chose an ice-blue sheer dress with matching accessories and a corsage of gardenias and roses.

The couple left on a wedding trip to Europe. For travelling, the bride donned an off-white summer suit, trimmed with navy, with navy accessories.

On their return, they will live in Ottawa, where Mr. Caterina is an associate professor at Carleton University.

Letter To The Editor

Dear Ex-Stirlingite:

When you left 25 years ago, did you ride a horse or take a car? Did the merchants on Front Street wave a hand or stand behind the cash register waiting for your money?

We have voted in a liquor store. Twenty-six years ago Stirling Hotel suited everybody fine and still welcomes everybody until better accommodation is available.

There was no Dairy Bar 26 years ago, but milk was sold with clean delivery.

When you wish to tear down old buildings this destroys what Stirling represents.

In referring to Elaine Footwear as Stirling's only industry, if some ex-Stirlingites had not moved away, we might not have had needed to call on so many people from other towns to help us out.

To be cleaned up, I think the town is better now than it has been for the past ten years.

So, Mr. Ex-Stirlingite, you should have stayed around to see the progress which has been made and the money that has been spent on improvement.

A Stirlingite,

James Lake

GREGORY FREDERICK MONTGOMERY

Gregory Frederick Montgomery, nine-year-old son of Mr. and Mrs. Douglas Montgomery, Frankford, was accidentally drowned in the Trent River, near the Frankford Tourist Park on Tuesday evening, July 5th.

Besides his parents, he is survived by two brothers, Mark and Brian, at home.

The funeral was held Friday, July 8th, at the Rowe Funeral Home, Frankford, with Rev. Christopher Dugan, pastor of Frankford United Church officiating. The bearers were Keith Bell, Bill Charlesworth, Allan Anderson and Rodney Anderson. The interment was made in Stockdale Cemetery.

Gregory was a member of the Frankford Cubs and they visited the funeral parlour in a group on Thursday evening.

He was a grandson of Mr. and Mrs. George G. Montgomery, Frankford, and Mrs. Fred Charlesworth, Trenton, and a nephew of Mr. and Mrs. Percy MacMullen and Mrs. William Montgomery, Stirling.

OF MANY THINGS (By Ambrose Hills)

GET GRANDMA TALKING

There is nothing our youngsters like better than to get their grandmother talking about the good old days. They'll deliberately plan a conversation that will get her going.

At dinner, the other night, Franny said, "I guess in the old days almost every kid could milk a cow. Gee, we don't get to do things like that nowdays. Even on farms they've got milking machines."

Grandma began to get that glazed look in her eyes. "Kids had better food then, too," Martha chimed in. "They had home-baked bread. Boy... I wish we could have home-baked bread. Kids were lucky in the old days..."

That started Grandma off. "There's nothing stopping you from having home-baked bread," she said. "There's still flour, you know. When I was your age I baked for 14 men and more in harvest time. Land sakes, I don't know why you couldn't bake up a batch of bread right now if you had a mind to..."

"Will you show us? Can we, Mom?"

Turned out we had one of those dinky little paper bags of flour and no bread pan big enough to mix a respectable batch in. We're going to get the makings, though, right soon, and Grandma is going to teach our twins to bake home-made bread — if she can get them away from TV long enough.

And there are to be other projects, just like the old days. For Grandma is right. All that stops us from having home-baked bread, or homemade ice cream, or any one of a dozen luxuries enjoyed back in those days is laziness. All the ingredients are still available. It is a bit hard to get cream in the city, perhaps, but it can be had if you're willing to pay enough. I mean the real stuff, from

the cow — not the manufactured material some of the dairies call cream. One can still make a quilt, or tat a doily, too, for that matter.

What gets me, listening to Grandma is where in the Dickens they're time to do all those things. They're done for us, these days, and yet we seem busier than ever. How come? I'll have to get Grandma talking again one of these nights and see if I can find their old-time secret. I'm a little afraid I know the answer already. They didn't loaf as much as we do!

Health Tip From The Canadian Medical Assoc. Burns --

It is generally agreed among those acquainted with the problem that the best first-aid treatment of a burn is to wrap the injured area in towels wrung out of cold water, the Canadian Medical Association reports.

This procedure serves two important purposes — it isolates the burn and lessens the possibility of infection, and the cold application relieves pain.

It should be stressed that any applications of salves or strong disinfectants add to the damage already done by the burn. Probably one of the worst steps is to apply a preparation which forms a crust, and all preparations containing tannic acid are offenders.

The C.M.A. says gentleness in the management of any early burn is most important. When applying cold, wet dressings, care should be taken not to break blisters, since blisters play a big part in keeping out infection.

If an hour or more elapses before a patient with a bad burn can get to a hospital, he will become very thirsty

and drinking tap water or fruit juices may do serious harm. One of the best drinks to combat this early shock is water containing a shake of salt and a pinch of baking soda.

Pain-relieving pills such as headache tablets may be given in moderation to help relieve suffering until medical attention is available.

Prevention Is Your Responsibility

Poisons may be taken accidentally or intentionally. Accidental poisoning is preventable. Drugs and medicines must be kept out of reach of children and locked up. A child naturally touches and tastes everything within reach. The tragedy is that he cannot differentiate between poisons and non-poisons. To him they are something to eat. Parents should never tell a child that pills are candy in order to get him to take medicine. The word "candy" arouses his interest and makes overcoming his objections much easier for you but he confuses "candy" and pills. Better to develop your power of persuasion. Explain simply what the medicine is for and that he must have it at certain times. If he objects to taste, have a spoonful of jam or something sweet ready to pop into his mouth to counteract the taste. Pills can be cut into small pieces to enable him to swallow more easily. Devise ways and means but do not confuse the issue. Teach him that medicine is medicine and should only be taken when given to him.

Keep drugs under lock and key. It is not necessary to buy an expensive medicine cabinet. One corner of a kitchen cabinet shelf can be utilized. Two pieces of board of required length and width, two hinges and a padlock and hasp are the extras. The end of the cupboard and the back form two sides. One board becomes the third side. The other board, placed on the front opening and hinged and padlocked, becomes the door. A built-in medicine cabinet within a cabinet.

Don't create an opportunity for pills to get into a youngster's possession.

Practise hospital procedure. Take the prescribed dosage out of the container, put the container back in the medicine to the patient. Never leave the container on a table or counter within reach of youngsters. In one poisoning case, a Mother was giving pain-relieving tablets to her seven-year-old, confined to bed, and had placed the bottle on the bedside table. Her three-year-old walked in, saw the bottle and had swallowed the entire contents before the Mother realized what was happening.

Pills of one kind or another carried in a woman's handbag are a common source of poisoning among children. To quiet a restless youngster, he is given the handbag to play with. In seconds, the contents have been explored, the pills spotted, and swallowed. Safety caps on containers are no deterrent. Adult fingers have difficulty removing them but a child puts the end of the container into his mouth and pulls the cap off with his teeth or gums.

Do not take an overdose of medicine and never take medicine in the dark. Make sure you have the right one. Discard old medicines. Flush them down the drain, wash out the empty containers and dispose of them in the trash can.

Never remove household cleaners, waxes, polishes, insect sprays, weed killers, solvents, anti-freeze or chemicals from original containers and put them into dishes and utensils customarily used for food or drink. Even adults can mistake the contents and drink them inadvertently. Keep such items on a high shelf but not where food is kept. Read the directions on labels and follow implicitly.

W. L. Morton Receives Grant To Support New Book

Professor W. L. Morton, the distinguished Canadian historian and Master-Designate of Champlain College in Trent University, has been awarded a grant from the Canada Council to aid in the preparation and publication of a volume of essays on the social and cultural history of Canada. The book is to be entitled, "The Shield of Achilles".

One of Canada's foremost scholars and academic leaders, Professor Morton is a prolific author. The most recent of his many books, "The Critical Years: The Union of British North America, 1857-73", was published in 1965. A past president of the Canadian Historical Association, Professor Morton is Executive Editor of the 17-volume Canadian Centenary Series: "A History of Canada" which is now in preparation. The lecture which he delivered at Trent University as part of the recent Champlain Lectures series has been published in the first issue of "The Journal of Canadian Studies".

The consumer magazine, "Which?" tells a powerful story to argue the need for all textiles to be clearly labeled with washing instructions. Apparently a Swiss housewife boiled her very dirty unlabelled white curtains and left the resulting white paste in a bowl on the table.

She came back to find her husband had salted, peppered and eaten what he thought was cream cheese. "Which?" does not disclose what happened to the consumer, but according to the editor, Miss Eirlys Roberts, the Swiss consumer magazine which first told the story, says that he survived after one anxious night without even indigestion.

A. M. Barr Honoured By K.A.S. Staff

"Take people as you find them, look for the best in them and you will usually find it." Mr. A. M. Barr expressed this philosophy at a banquet gathering of the entire K.A.S. staff to honour him on Wednesday, June 29th, on retirement after 15 years as Principal of the Kemptville Agricultural School.

Mr. Barr, born in Lanark County, a graduate of K.A.S. and O.A.C., has served 35 years with the Ontario Department of Agriculture and Food as an Agricultural Representative in the Counties of Huron, Grenville, Brant and Stormont. He was Associate Director of Extension for the Province of Ontario prior to becoming Principal of the K.A.S. on July 1st, 1951.

Official appreciation at the banquet came from the Department through Frank Dench, Agricultural Representative for Renfrew County, who spoke of Mr. Barr's great success in providing useful extension services for K.A.S. and of his keen qualities as a judge of livestock.

Mrs. Gordon Bennett, wife of the Assistant Deputy Minister, Ontario Department of Agriculture and Food, referred to Mr. Barr's distinction as an agriculturist and as a good friend to all who worked with him, and especially to anyone seeking his help. The pleasant impact of the Barr family has been felt in many communities of Ontario.

Frank Parish of the K.A.S. staff and Chairman of the function, outlined the solid growth of the K.A.S. under Mr. Barr's leadership since 1951.

In addition to new courses, higher student qualifications and increased extension services to eleven eastern counties of Ontario, the physical set-up of the School now includes many of the most modern buildings serving agriculture.

J. A. Dalrymple thanked Mr. Barr for all the persons who had worked with him. This "growing up" period in the life of the K.A.S. has been a challenging and successful one. Mr. Barr's relationship with the staff and students was always sincere. Their home was frequently open to entertain students and staff with Mrs. Barr the gracious hostess. The K.A.S. had the atmosphere of a family school. The younger members of the Barr family grew up on the K.A.S. campus. Everyone admired them as part of the K.A.S. community.

Miss Marion Waddell and R. E. Class presented an oil painting to Mr. and Mrs. Barr from the staff. Ken Burnett presented the guest book signed by all present at the gathering.

In acknowledging the gift, Mr. Barr stated that K.A.S. is on the brink of still greater expansion.

He and Mrs. Barr will be residing in Kemptville and hope that the K.A.S. staff will continue to think of them as personal friends. Mrs. Barr added her warm appreciation to that of her husband.

J. M. Purvis introduced the head table: Mr. and Mrs. Barr, Mrs. Gordon Bennett, Mr. Frank Dench, Mr. and Mrs. Frank Parish, Miss Ruth Shaver, Mr. and Mrs. John Dalrymple. Special guests introduced were Dr. and Mrs. Charles Beamish (Mary Ellen), Port Hope and Mr. and Mrs. Ross McFarlane (Margaret Anne), Toronto. Messages were received from other members of the family unable to attend: Dr. and Mrs. George Barr, Madison, Wisconsin, and Mr. and Mrs. Robert McNutt (Alberta Jane), Fredericton, N.B.

Mrs. Keith Newans as pianist provided background music. Steven Rayfield, a K.A.S. student, contributed a selection of guitar solos. R. C. O'Dell, Dean of Men, said Grace.

Quebec Weekly Publicizes Expo

"There is no place in the world where Expo is talked about more than in the Jonquiere-Kenogami region."

This statement made by Gerald Blackburn, of the paper "Le Reveil au Saguenay", may seem a little peremptory and surprising, but in Jonquiere-Kenogami, Expo 67 is tastefully and widely publicized by radio, television, newspaper, publicity posters, banners across the street and in the stores.

The reason for this widespread interest in Expo 67 is the result of an idea and much voluntary work by Mr. Blackburn who instigated it.

Publicist for a dynamic weekly in Quebec, he is constantly on the go in search of ideas for his publicity campaign. Having decided to better his annual campaign for "newlyweds" he thought of an idea to offer all newlyweds during 1966, a free trip to Montreal and a "passport" for the World Exhibition in 1967.

This idea grew quickly into the

most important publicity campaign launched in Quebec Province for many years. It is no longer a question of a single trip to Montreal and a passport for Expo 67, but more than 60 trips and 600 passports; a trip and 12 passports each week from now until the opening of Expo 67 on April 28th, 1967. Having prepared his plan he discussed it with the editor of his newspaper who, recognizing his ability and drive and the scope of the plan, gave him a free hand. He then discussed it with the representatives of the Merchants Association of Jonquiere-Kenogami who decided to support it en bloc.

"Le Reveil au Saguenay" has a circulation of 7,000; it reaches 90 per cent of the homes in Jonquiere-Kenogami and has a further 600 subscribers in Montreal. For the campaign, the two centre pages of the paper are always devoted to Expo, news and advertising as well. The members of the Merchants Association of Jonquiere-Kenogami who wish to participate in the publicity campaign buy ads for these pages and thus receive the right to distribute tickets for the draw for passports and trips to Expo.

In this way, hundreds of thousands of tickets are distributed each week to shoppers by the merchants participating in the campaign. A ticket is given for each dollar's worth of purchases made.

Next, each week, at television station CKRS, during the program "Panorama", a draw takes place for 10 Expo passports; one of the 10 winners is then chosen to receive a free round-trip to Montreal.

The winner of the free trip draws the ticket for passport winners the following week and the merchant who has sponsored the free visit to Montreal picks the next winner of the next free trip.

This campaign began on February 28th, and the first drawing took place on March 2nd, at which Expo 67 was represented.

Taking into account the fluctuation in sales during the year, it is expected that about 15 million tickets will be distributed in all.

In addition to the assistance given by the Merchants Association of Jonquiere-Kenogami, Gerald Blackburn also has the assistance of the Jonquiere-Kenogami Maporettes and the radio stations who, in the course of advertising for the Merchants Association, constantly draw the attention of their listeners and viewers to the campaign, urging them to participate in broadcasting the slogan "Jonquiere-Kenogami visits Expo 67".

This slogan appears in "Le Reveil", on the banners above the street, in the stores and on television.

It is for this reason that Jonquiere-Kenogami is probably the best informed place in the world on Expo 67. Mr. Blackburn is satisfied with his success and it is not without pride that he recalls that he is the first to contribute of his own free will in helping the Canadian Corporation for the World Exhibition of 1967. I ask for nothing, we do this on our own accord and at our own expense. I receive nothing but my pay as a publicist for the newspaper and the cam-

paign itself is not designed to make," he added.

Rest Assured

Mr. Jones: "Legally, the husband is head of the household and the pedestrian has the right-of-way."

Mrs. Jones: "Yes, but both are safe only as long as they don't try to exercise their rights."

ASSIGNMENT

In July and August, CBC's Bill McNeil, and family are headed west to interview Canadians who don't make the headlines. From Toronto to Vancouver Island — by trailer — McNeil will tape interviews on the "average" Canadian's view of Canada as the

Centennial of Confederation approaches. Interviews will be broadcast on CBC's Assignment. Above McNeil talks to Gerry Weisenstein, an Australian cowboy (now living in Orillia, Ontario) who used to make a living rounding up kangaroos.

STIRLING HORTICULTURAL SOCIETY

Summer Work in the Garden

The most important work at this season is careful cultivation. It should not be deep, but should keep the surface soil loose. The objectives are: (1) Conservation of soil moisture. (2) Aeration of soil. (3) Modification of soil temperature. (4) Destruction of weeds, which rob soil of both moisture and food at the expense of the plants.

Moore-Hubble Wedding

Catherine Lillie, daughter of Mr. and Mrs. Cecil Hubble, of Foxboro, and Thomas Arthur Moore, son of Mr. and Mrs. Millard Moore, of Ivanhoe, were married by Rev. C. Gilbert in Foxboro United Church, recently. Mrs. Fern Spencer was organist and Mrs. Dorothy Reilly was soloist.

The bride, given in marriage by her father, wore a floor-length gown of nylon organza over taffeta, with a semi-controlled skirt appliqued with bands of lace and small rosettes of self fabric. A short lace bolero jacket was worn over the tight-fitting bodice with high jewelled neckline and long lily-pointed sleeves. Her waist-length four-tier veil of silk illusion was held by a pearl tiara and she carried a bouquet of red roses and ivy.

Mrs. Helen Reid was matron of honour and the bridesmaids were Miss Carol Hubble, cousin of the bride, and Miss Doreen Hubble, sister of the bride. They were gowned alike in floor-length dresses of pink crepe with Empire waists and slim skirts. The fitted bodices of Chantilly lace featured scoop necklines and elbow-length bell sleeves. They wore heart-shaped headpieces of pink flowers with matching veiling and carried pink-tinted 'mums.

Mr. Ronald Welsh was groomsman and the ushers were Mr. Jim Stobart and Mr. Elwood Moore, brother of the bridegroom.

At the reception at the church hall, Rev. H. Stobart was master of ceremonies. The bride's mother received the guests, wearing a white and green printed jersey dress with white accessories and a pink carnation corsage. The bridegroom's mother assisted, dressed in a pink lace suit with white accessories and a corsage of white carnations.

For her wedding trip, the bride chose a white cotton knit sleeveless suit with pink and white accessories and a pink carnation corsage. On their return, the couple will live at 31 Jones Street, Belleville.

Many a man wishes he had as much fun at the party as his wife thinks he had.

The Good Driver

The Ontario Safety League quotes, with awe, some startling advice given by the French Road Safety Body as part of their advanced driving course:

"If your car starts to zig-zag as a result of a blow-out, and if the road is empty, take your foot off the accelerator, put your hands behind your head, and on no account touch the brakes. Your car will automatically resume a straight course."

Cahcun son gout. No member of the OSL staff is prepared even to consider testing this "hands behind the head" theory.

The first recorded automobile accident fatality occurred in the Crystal Palace district of London, in August, 1896. A British M.P. recently asked

the Minister of Transport if she would organize a ceremony to mark the 70th anniversary of this event. The reply was: "No. There are better ways of using our resources to bring home to people the tragedy of accidents on the road."

The importance of correct lighting on cars is shown by an official U.K. survey, quoted by the Ontario Safety League. Prewar cars and poor rear lights, and an analysis was made of the records of two-vehicle accidents from the period October to December, 1949. This showed that the pre-war car, with its inadequate rear light, was roughly six times as likely to be hit in the rear by a following vehicle.

These are the actual findings: For every 100 rear-end collisions by day to pre-war cars, there were 20 at night.

Bell -- Wellman Wedding

MR. AND MRS. DAVID GEORGE BELL

Linda Carol, daughter of Mr. and Mrs. Ralph Wellman, of Bonar Law, and David George Bell, son of Mr. and Mrs. R. Bruce Bell, of Stirling, were married on July 9th, 1966, at 11:30 a.m. in Spring Brook United Church, Rev. H. E. Beare, of Rose-neath, officiated, assisted by Mr. Gordon Apps, of Spring Brook.

Special music was provided by 12 girls of the Quinte Glee Club which the bride directed as a staff member at Quinte Secondary School. They were accompanied by Mrs. Gary Wright, of Bancroft. Selections were "The Twenty-Third Psalm" (Crim-ond); "Praise to the Lord, the Almighty", as the processional; "O Perfect Love", during the signing of the register; and the recessional was Parcell's "Trumpet Tune and Air".

The bride, given in marriage by her father, looked exquisite in a full-length silk faille gown, fashioned with a controlled A-line skirt, Empire waist, modified square neckline and double Persian sleeves, accented by self bows at the shoulders. Her bouffant, multi-tiered, floor-length veil of pure silk illusion billowed from a high cone of silk faille, accented by dimensional Schiffl lace flower appliques. Her bouquet was fashioned of several tiny Orange Delight rosebuds nestled in a cloud of baby's breath.

The maid of honour was Miss Geraldine McPaul, of Bonarlaw, cousin of the bride and the bridesmaids were Miss Kathy Plume, of Syracuse, cousin of the bridegroom, and Miss Donna Wilkins, of Willowdale. They were gowned alike in silk alpaca floor-length dresses printed in garden shades of mint, peach, pink and white and fashioned with A-line skirts. Peach organza bands accented the Empire waistlines and fan-shaped back panels extended to chapel-length. The bodices had scooped necklines at the back and shallow, rounded necklines in front with stove-

pipe sleeves. The attendants carried miniature white Shasta 'mums, baby's breath and ivy and their headbands were made of matching flowers.

Mr. Roger Smith, of Stirling, was groomsmen and the ushers were Mr. Robert Neal, of Stirling, and Mr. Raymond Wellman, brother of the bride. At the reception in the I.O.O.F. Hall in Stirling, the bride's mother received the guests, wearing a Mattie creation of Lino tissue jacquard in shell pink with rose-coloured accessories and a corsage of sweetheart rosebuds and fern. The bridegroom's mother assisted, dressed in a Milano lace sheath and overjacket in Madrid blue with matching accessories and a corsage of yellow rosebuds and fern.

For her wedding trip to Baltimore, Washington and Alliance, Ohio, the bride chose a sleeveless skimmer dress of yellow printed terylene baptiste with Mattie coat of yellow Tan-issa silk rib, matching picture hat, black accessories and a corsage of Talsman rosebuds.

The couple will reside in Tara, Ontario.

Before her recent marriage, Mrs. David Bell, the former Linda Wellman, of Bonarlaw, was entertained at miscellaneous showers: One, given by Miss Geraldine McPaul, Bonarlaw, with Mrs. Tom White, Thomasburg, as co-hostess, at the home of Mrs. Gerald Broadworth, Bonarlaw; a surprise shower was held at the home of Miss Donna Wilkins, Willowdale; Mrs. Burton Morton, Stirling, held a shower at her home with Mrs. Herbert Smith, Mount Pleasant, as co-hostess. A trousseau tea was given by her mother, Mrs. Ralph Wellman, Bonarlaw, and the groom's mother, Mrs. R. B. Bell, Stirling, entertained the bridal party after the rehearsal at the Sun Valley Motel, Belleville.

SENIOR CITIZENS' CLUB TO BE ORGANIZED

A meeting of the Stirling Recreation Council was held in the Council Chambers on Wednesday of last week. Purpose of the meeting was to discuss the possibility of forming a Senior Citizens' Club for Stirling and district. R. L. Hulin, Chairman of the Recreation Council chaired the meeting.

Mr. Don Maddocks, Belleville, District Director of the Community Programmes Branch of the Department of Education, was present. Mr. Maddocks spoke briefly to the committee and introduced Dr. E. W. Dutton, Toronto, a senior Director of the Community Programmes Branch. Dr. Dutton outlined the many benefits of a Senior Citizens' Club and gave a very interesting talk on ways and means of forming such an organization.

Following the address by Dr. Dutton, a discussion period was held. Rev. Bruce Small was appointed to organize a committee to investigate the possibility of starting a Club for Stirling and district, with other members to be added to the committee. It is hoped that a meeting place can be arranged in the near future so that a start can be made in the Fall on this much-needed endeavour.

Juvenile Game This Friday

Stirling Juveniles will play hosts to Holloway of the Sidney-Thurlo Softball League in an exhibition game on Friday night of this week. The game will be played at the Henry St. Park and is slated to get underway at 8:30 p.m.

Engagement

Mr. and Mrs. Harry McMullen wish to announce the engagement of their only daughter, Kathryn Jean, to Paul Leroy Reid, of Ottawa, son of Mr. and Mrs. Don Reid, Ivanhoe. Marriage to take place at Holloway United Church Saturday, August 13th, 1966, at 2 p.m.

Attending W.M.S. Training Centre At Albert College

The W.M.S. Training Centre, W.D. of the Presbyterian Church in Canada is being held in Albert College, Belleville, from July 18th to July 22nd. Mrs. John Wallace, President of Kingston Presbyterial, is planning to attend.

Mr. and Mrs. Wieger de Jong Observe 25th Wedding Anniversary

On Saturday, July 16th, 1966, Mr. and Mrs. Wieger de Jong entertained at a family dinner at the Tops Motor Motel, Belleville, on the occasion of their twenty-fifth wedding anniversary.

Following the dinner party, a reception was held at the Legion Hall, Stirling, with about seventy-five guests present.

Their daughters, Mrs. Jan Lutgen-dorff and Mrs. John Ray, were in charge of the guest book and the guests were greeted at the door by the bride and groom of twenty-five years. The Hall was artistically decorated with pink and white streamers and summer flowers.

Married

In Holland

Mr. and Mrs. de Jong were married in Sneek, Holland, on July 19th, 1941, and have made their home in Canada since 1953 and have made many friends in Stirling and vicinity.

Mr. and Mrs. de Jong have four children: Mrs. Jan (Betty) Lutgen-dorff, Sharbot Lake; Mrs. John (Edith) Ray, Stirling; Jeen and Robert de Jong at home.

The bride's table was appointed with a white damask cloth, centred with a three-tiered anniversary cake, beautifully decorated and made by Mr. de Jong's brother, Mr. Hank de Jong, of Port Perry. Silver candelabra and flowers added to the setting.

Programme

Mr. George Vardy, of Toronto, was master of ceremonies and proposed the toast to the bride, with the groom responding.

Robert de Jong sang a song to his

"Good Luck" Party For District Municipal Engineer

On Friday evening, a "Good Luck" Party, sponsored by the Department of Highways, Kingston District, was held at the 401 Inn, Kingston, in honour of Glen French, who has been District Municipal Engineer for this area since 1958. Following the dinner, presentations were made to Mr. and Mrs. French. Mr. French has been promoted to District Engineer and will be in charge of the North Bay District.

Those in attendance from this district were Mr. and Mrs. Donald Rodgers, Mr. and Mrs. Graham Mounck and Mr. and Mrs. Robert Hulin, Stirling; Mr. and Mrs. Doug. Andrews, Rawdon, and Mr. and Mrs. Ernest Kells, Sidney.

Engagement

Mr. and Mrs. Percy M. Reid, R.R. 2, Campbellford, Ontario, wish to announce the engagement of their only daughter, Kathleen Anne, to Mr. Donald Ross Petty, son of Mr. and Mrs. Raymond G. Petty, Campbellford, Ontario. The marriage will take place Saturday, August 20, 1966, at Grace Chapel, Stirling, Ontario, at one-thirty p.m.

In Hospital

Mr. Earl Luery was admitted to Belleville General Hospital on Wednesday last. Friends wish him a speedy recovery.

School Inspector At Bancroft

The Department of Education has announced that Mr. Glen A. Watson, B.A., M.Ed., has been appointed to Bancroft Inspectorate as of September 1, 1966.

Mr. Watson is presently a School Inspector in Wentworth No. 1 with his office in Hamilton. Previous to becoming an inspector he was a Master at the Hamilton Teachers' College.

Mr. Watson is a native of Rawdon Township and a former pupil of Stirling-Rawdon District High School, and was at one time Principal of Marmora Public School. Mr. Watson, his wife and two children will be moving to Bancroft in mid-August.

Mr. Watson succeeds Mr. R. J. Linton, B.A., M.Ed., who has been in charge of the Bancroft Inspectorate for the past three years. Mr. Linton will become a School Inspector in Ontario No. 5 (Pickering Township).

Look At Your Label

The mailing lists of the News-Argus have been corrected and subscribers are requested to look at the yellow label on their paper to see if the date of expiry is correct. If the label reads before July, 1966, you are in arrears and we would appreciate hearing from you in the near future. Should the date on the label be in error, notify this office at once and it will be rectified. —Thank you.

"Mom and Dad" and community singing was enjoyed, with Miss Martha Scholten as pianist. Mr. Stuart McArton provided music for entertainment and dancing.

Speeches and congratulations were given by Mr. Hank de Jong, Port Perry, Mr. Joe Valchar, Stirling, and Mr. Klaas Zylstra, Frankford.

The gifts were many and varied and included a beautiful fall scene painting from the family.

Mr. and Mrs. de Jong expressed their sincere appreciation to all. A delicious buffet lunch concluded the evening, after which Mr. and Mrs. de Jong left for a ten-day trip to the East Coast.

Guests from out-of-town were Mr. De Ruiter, Holland; Mrs. Chas. Preston, England; Mr. and Mrs. Hank de Jong and Miss Tine de Jong, Port Perry; Mr. and Mrs. George Vardy, Toronto, and Mr. and Mrs. I. Oosting, Peterborough.

Stirling-Rawdon District High School Board Met Monday Night

Six Applications Received For Position of School Secretary — Accounts Passed

The monthly meeting of Stirling-Rawdon District High School Board was held Monday night with Chairman H. A. Morrow in the chair. He was supported by Messrs. Burton Morton, Jas. Johnston and Dr. R. B. Murray.

Correspondence, read by Secretary-Treasurer G. Godon Bailey, included a letter of resignation from Mrs. Elvin Carr as school secretary, due to her moving to Belleville; Stirling Public School Board, concerning two Grade 8 pupils who were refused entry in the two-year occupational course at Centre Hastings District High School, Madoc, and Bay of Quinte District School, Belleville, due to lack of accommodation.

The resignation of Mrs. Carr as school secretary was received with regret.

Principal J. L. Lambert informed the Board that he had been contacted by Stirling Public School Principal E. Fleming and that an arrangement had been made to enroll the two pupils concerned in Grade 9 at the Stirling school for the Fall term.

Caretaker's Report

Joe Irish, caretaker, in his monthly report, noted that the painting at the School was nearly completed. He also stated that the boiler in the furnace room was ready for the annual inspection. On motion of Burton Morton and Jas. Johnston, the caretaker's report was received.

A 24-year-old Trenton man was killed late Monday night of last week when the small car he was driving went out of control on Highway 33, five miles south of Stirling.

Brian M. Thompson, who had been boarding at 206 Dufferin Ave., Trenton, was northbound on Highway 33 when he pulled out to pass a car and lost control of his car, going into the

ditch and hitting a tree stump. O.P.P. investigated.

Bell Telephone Co. Planning Program Against Abusive Telephone Calls

People who use the telephone to annoy or threaten are asking for trouble. Marcel Vincent, president of the Bell Telephone Company of Canada, has announced that the company is pursuing a more intensive program for catching people who make abusive telephone calls.

The intensified program is company-wide, involving all departments in helping to end such calls. By mid-July special training will be given in all areas served by Bell Canada, to more than 2,000 service representatives who handle customer reports of annoying or threatening calls.

When a telephone customer is harassed by repeated obscene or annoying calls, the service representatives will work with the customer to try to solve the problem.

When the Company is notified that the telephone has been used to threaten a customer with bodily harm, kidnapping or damage to property, the matter is assigned to a specialist who has authority to take whatever action may be appropriate and necessary.

"Bell Canada will, through active co-operation with law enforcement agencies and the provision of evidence, contribute to the prosecution of a person making offensive calls," Mr. Vincent said.

He pointed out that even though the complexity of the modern telephone network makes it difficult in some cases to identify the source of such calls, Bell Canada has various means to do so and is using them.

Bell Canada suggests a way of dealing with obscene or harassing phone calls. There are three steps:

1. Don't talk. The caller really wants an audience. Don't be that audience.

2. Hang up — if the caller doesn't say anything; at the first obscene word; if the caller doesn't identify himself to your satisfaction.

3. Call The Bell Telephone Company of Canada if these obscene or harassing calls persist.

Wellman's U.C.W.

Mrs. Omar Dracup entertained the Wellman's United Church Women at her home on the afternoon of July 5th. The meeting opened with quiet music with Mrs. Craig Watson as pianist.

The president, Mrs. F. Beckett, read a poem, "God's Hand I See In Everything That Grows", followed by prayer. Miss Catherine Seeley took

charge of the Worship Service, choosing for her theme, "Learning to Forgive". She opened with a hymn, followed by Scripture reading, read by Dawn Beckett. Catherine read the meditation on forgiveness and closed with prayer.

Mrs. Craig Watson, treasurer, gave her financial report and members were reminded of the catering at the sale barn in July.

The roll call, "Name a Book of the Bible", was well responded to. Master Brian Hadley gathered the offering which was dedicated by Mrs. Beckett.

The programme consisted of numbers from the children present. Readings were given by Ricky White and Martha Harp; piano solos, by Susannah Harp, Mary Atkins, Kathy White, Jimmy White and Brian Hadley; vocal solos were given by Dawn Beckett and Allen Dracup.

Mrs. Beckett thanked all who had helped with the meeting and Mrs. Dracup for her hospitality, then closed the meeting with prayer.

Mrs. Kenneth Tompkins entertained the children with games on the lawn and Mrs. Beckett conducted a Bible quiz.

Lunch and a social hour were enjoyed by all present.

Rylstone U.C.W.

The July meeting of the Rylstone United Church Women was held at the home of Mrs. John Spencer, on Wednesday afternoon, July 13th, with fourteen ladies and several children in attendance.

Mrs. Ross Dickie, president, was in charge of the devotional, opening with prayer and a short reading. A hymn was sung and Mrs. Dickie welcomed the members and visitors.

Scripture selections were read by Mrs. Cecil Finch and Mrs. Allan Williams. A responsive prayer for the Christians in Brazil was led by the president, who also gave the meditation, entitled "Personal Witness".

The Bible Study, entitled, "God, Our Father", was ably prepared by Mrs. James Legge. The roll call was answered by "A city in Brazil". A Bible quiz was conducted by Mrs. Dickie.

Mrs. Wilfred Spencer, Treasurer, gave a report of the Spring Tea held in the Church in June. Mrs. Bob Spencer, Missionary Secretary, also gave a financial report.

There was some discussion on holding a Bake Sale and Opportunity Sale in Marmora, and it was decided to hold it in August.

Mrs. Robert Spencer was convener for the short programme, opening with a prayer. The Thomson sisters, Kathy and Karen, sang a duet, "Alone", while Mrs. Lindsay Finch and Mrs. Ellis Jones contributed readings, "What Counts" and "Excessive Busy-ness". Mrs. Robert Spencer conducted an excellent Bible contest, with illustrated hand-drawn cards.

The birthday bank was passed and two members donated birthday money.

Mrs. Dickie thanked the hostess and closed the meeting with a Benediction.

Refreshments were served by the hostess and refreshment committee.

The August meeting will be held at the home of Mrs. Raymond Stewart, with Mrs. Wilfred Spencer and Mrs. Cecil Finch as programme committee and Mrs. Lloyd Anderson and Mrs. Lindsay Finch, as refreshment committee.

Do You Remember?

— TWENTY-FIVE YEARS AGO —

ISSUE JULY 17th, 1941

Mr. Carl Potter underwent an ap-
pendectomy in Belleville General Hos-
pital Wednesday morning.

Married

On Wednesday morning at the
home of the bride's parents the wed-
ding of Miss Helen Elizabeth (Betty)
Hoard, daughter of Mr. and Mrs.
Charles W. Hoard, of Stirling, and
Mr. Clayton G. Thompson, son of Mr.
and Mrs. George E. Thompson, Spring
Brook, took place.

Local and Personal

Robert Cooke, of Eastview, spent
Sunday with his parents, Mr. and

Mrs. W. H. Cooke.

Mrs. A. J. Edwards, Sudbury, is
holidaying at the home of her par-
ents, Mr. and Mrs. W. J. Tanner, at
Harold.

Mount Pleasant

Several of the men folk of Mount
Pleasant assisted at a bush fire which
swept over 25 acres of land on Wed-
nesday on the farm of Charles Bailey,
Carmel. A spark from a train igni-
ted the grass.

Bride-To-Be Honoured

On Thursday evening, July 7th,
Mrs. Ernest Carr, River Valley, en-
tertained approximately sixty ladies
from the community to a miscellane-
ous ladies' shower in honour of Miss
Gail Morrow, a July bride-to-be. The

co-hostesses were Mrs. Jack Bush,
Misses Marilyn Conley and Joyce
Carr.

A short programme was enjoyed
with readings and contests. The
guests were divided into groups and
a large array of tea towels were em-
broidered.

The honoured guest was presented
with a corsage of coloured balloons
and the verses inside told where to
find the wrapped parcels.

The address was read by Miss Mar-
lyn Conley and Gail voiced gracious
thanks for the lovely gifts. The host-
esses served refreshments and all en-
joyed a delightful evening.

Mt. Pleasant U.C.W. Entertains Messenger Group

On Wednesday evening, July 13th,
approximately thirty ladies and
thirty-five children gathered at
Mount Pleasant Rawdon Church Hall
for the annual July meeting when
the United Church Women entertain-
ed the Messengers at a family party.

Miss Lorraine Jeffs was pianist for
the hymns. Mrs. Harry McAdam
welcomed the group and Mrs. Ira
David gave her report.

Reports of the recent catering for
May and June were presented by
Mrs. Herbert Smith, Mrs. Donald
Johnson, Mrs. Percy MacMullen and
Mrs. James Hoard.

The Messengers provided the pro-
gramme. Selections were read by
Kenneth Couch and Kenneth Sharp.
Vocal selections were rendered by
Lynn Joslin and Margaret Hoard.
Randy Scott contributed harmonica
music; vocal trio, Isabel Hoard, Lin-
da Hoard and Heather Hoard; piano
solos by Linda Potts, Brian Hadley
and Terry Bailey; dialogue, Rodney
Graft and Randy Scott; piano duet,
Bonnie Williams and Jeannette
Hoard; recitation, Linda Hoard.

The offering was gathered by
Joyce Jeffs and Linda Potts. Mrs.
David Potts conducted a nursery
rhyme contest.

The children enjoyed a fish pond
which provided numerous ten cent
articles and added to the Messenger
funds.

Mrs. Raymond McConnell voiced
thanks to the children for their pro-
gramme.

The July and August committee,
under the leadership of Mrs. Stanley
Williams and Mrs. Ralph Jeffs, ser-
ved sandwiches, cookies and lemon-
ade.

Hint from the Home

Economics Corner

For odour-free sneakers and rubber shoes, here's a suggestion from Mrs. Thelma Coleman of London: To keep rubber-soled shoes (or any shoes for that matter) odour-free spray the inside of them with a deodorant. If this is done just before putting the shoes on, it will also keep the feet cool and comfortable.

Slow Down and Live Not Slow To Kill

"Slow Down and Live", the slogan of the Canadian Highway Safety Council's summer vacation campaign does not mean "Slow Down and Kill." The Council declared: "While the top highway alayer is speed too fast for

conditions, many fatal crashes are caused by motorists driving too slowly and delaying other traffic."

The Council urges drivers to stay within posted speed limits but to avoid becoming road blocks which not only encourage dangerous passing maneuvers butangers and frustrates other motorists, possibly contributing to crashes that occur miles

later.

Speed limits are set with regard to driver's safety, CHSC stated. They are really safety guides and should be strictly observed, particularly in high speed areas where absolute control of the vehicle is vital. "The high-speed crash can only be extremely severe, frequently fatal," said the Council.

Farm Safety Week July 24th to 30th

The Canadian farming community will join with the rest of the continent between July 24th and 30th to participate in Farm Safety Week, according to the National Safety League of Canada. The Canadian Highway Safety Council will concurrently promote safety on rural roads and emphasize safe procedures for drivers of farm vehicles on public thoroughfares.

Leading cause of death on Canadian farms, according to the League, has been machinery, and prominent in category is the tractor. However, the home, chemicals, construction and vehicles play important roles in the drama of death and suffering on the farm. Gay McLaren, general manager of NSL, has issued a plea to the farming community to make Farm Safety Week a time to assess the dangers on the farm and plan to avoid or eliminate them. The League urged all organizations such as 4-H Clubs, agricultural societies and associations and safety councils to concentrate on farm safety during the July campaign so the safety of the rural community of Canada may benefit through the year.

Rural League Softball Schedule

July 23rd — Foxboro at Holloway; Wallbridge at Glen Ross Elaines; Johnstown at Glen Miller; Centenary at Crookston.

July 26th — Glen Ross Elaines at Foxboro; Holloway at Wallbridge; Crookston at Glen Miller; Centenary at Johnstown.

July 30th — Johnstown at Glen Ross Elaines; Foxboro at Centenary; Glen Miller at Holloway; Crookston at Wallbridge.

August 2nd — Holloway at Crookston; Glen Ross Elaines at Centenary; Wallbridge at Glen Miller; Johnstown at Foxboro.

Wallbridge Home Games will be held in Frankford.

Crookston and Glen Ross Elaines Home Games will be held at Stirling.

Game Times:

OF MANY THINGS

BIGGER PACKAGE — SAME WEIGHT

I have often praised today's food processors for their good work; but right now I am sore at them. I tried to put the breakfast cereal away this morning, and the cornflakes wouldn't fit our generous-sized cupboards. On the package was the notice, "LARGER PACKAGE — Same Weight".

While I congratulate them on their honesty in adding — even in small letters — the information that the weight had not changed, I wonder why the larger package in the first place? Perhaps to gain a competitive advantage? No doubt the competitor will come out with a still bigger package, and the first thing we know the supermarkets will be plugged with cartons half filled with air. It is a losing game for the manufacturers, no matter what package experts tell them. Worse still, it makes consumers disgusted with an industry that has done so much to win respect.

Another thing that is doing harm to our competitive system is the discontinuance of established lines of paint, bathroom and kitchen tile, wallpaper and the like. Bathroom plastic tile used to be four inches by four inches. Just try to find a match today. They've all switched to 4 1/2 by 4 1/2 inches. Or try to get paint to touch up a room. You'll most likely find that moca brown is now mushroom brown or some such thing. I like variety as well as the next fellow, but there should be some lines one could buy and be assured they would remain in stock.

It is true that paint companies have improved their products tremendously, and the new tile is brighter and better. The image of these companies, however, is tarnished when they follow the advice of marketing experts and try to make the old established colours and sizes obsolete. Sales may increase for a time, but they make enemies for the competitive system which has provided so many improvements.

One does not expect manufacturers to be more angelic than consumers; but surely they should have the good sense to see beyond the end of their noses. When competition leads to such nonsense as bigger packages for the same quantity of a product, then the principle of competition suffers. The principle is sound; the abuses are deplorable.

Health Tip From The Canadian Medical Assoc.

— STROKES

Many strokes can be prevented, or reduced in number, when people who experience apparently trivial symptoms visit their doctor when they occur, the Canadian Medical Association says.

Strokes are often caused by one of three main varieties of disease process. The most common is thrombosis — the plugging of the arteries of the brain leading to the death of brain tissue beyond the point of occlusion. Patients who have thrombosis causing their strokes often have short episodes of weakness, dizziness, or difficulty in seeing, or numbness and tingling in the arms or hands. Relief from these transient symptoms can sometimes be brought about by the use of blood-thinning agents known as anti-coagulants. However, these medications must only be used after proper diagnosis with extreme care and by physicians familiar with

their use.

Cerebral haemorrhage (bleeding in to or around the brain) is the second most common cause of stroke. There are two varieties — one related to high blood pressure, and the rupture of a berry-like swelling where the arteries divide. Cerebral haemorrhage often can be prevented by control of high blood pressure before it becomes severe.

Another common cause is the release of embolus or small particles into the circulation, which in turn plugs a brain artery and leads to paralysis. Embolic strokes usually follow changes in the heart valves brought about by rheumatic heart disease. These can sometimes be reduced in frequency by the use of blood-thinning agents, which are frequently used by doctors caring for patients who have rheumatic heart disease.

While strokes vary greatly in seriousness, much can be done to rehabilitate people who have been disabled by them.

Money isn't everything, but it's nice to have if you've missed your credit cards.

THOSE MCKINNON GIRLS

Singers Patricia Anne and her sister, Catherine McKinnon, will brighten the home screens for Canadian viewers on Mondays throughout the summer months on CBC-TV's half-hour, Halifax variety show Singalong Jubilee. Patricia Anne has been seen regularly on the Halifax edition of Music Hop, Frank's Bandstand, while Catherine appeared each Monday night on the popular Don Messer's Jubilee. Host of Singalong Jubilee again this summer is singer-guitarist Bill Langstroth.

A store having a sale, printed this ad in a local paper: Further information on prices and merchandise may be obtained by telephone. A special lion has been installed for this purpose."

Every summer thousands of Canadians are killed or injured in accidents. Each beautiful week end brings its long list of tragedies that might have been prevented with just a little extra care. Remembering and observing only a few safety rules can help to make this summer a pleasant one for you, your family, and friends.

1. Don't swim alone, in unguarded places, or venture beyond your depth. Life preservers are a MUST in any boat.

2. Watch the sun! A good tan is wonderful but a painful burn is something else. Find a sunburn lotion that works well on your skin and use while building a tan slowly.

3. Be on the lookout for poison ivy and poison oak. They can turn a holiday into misery for the unwary.

4. If you're planning a trip, take along a first aid kit. If you stock it well, you'll find it invaluable for everything from cut toes to sunburn.

5. Above all, DRIVE CAREFULLY. Take your time, especially when driving on unfamiliar roads. You'll enjoy it more, arrive just as quickly . . . and in one piece.

Then there's the ancient tale of the Queen who said to the King, "King, we need a new chesterfield." Objecting strenuously for a few minutes (always a lost cause for husbands) the King agreed and went off to the local couch shop to make the purchase. Unfortunately the dealer did not have quite the style of chesterfield required; he suggested, "King, why don't you send one of your knights down to the next village, I'm sure they have what you want." Agreeing, His Majesty sent a knight off on the errand. Now it so happened that the track to the next village was a treacherous one and as the knight and his horse wended their way through the dark forest a great set of yellow fingers reached out and grabbed them . . . and they disappeared forever. Alarmed, and wondering, the King sent another knight, and a similar fate confronted him . . . and so on until twelve knights were gone. With the shortage of knights the King finally sent a page boy. The page made his way through the forest, picked up the chesterfield from the other village, put it on his back and made his weary way homeward, unharmed. This all goes to prove that you should let your page do the walking through the yellow fingers.

Apples Have Improved Since Early Settlers' Day

Although apples were a staple food with the early settlers in Canada, most of the varieties grown then on almost every farm would be considered poor by today's standards, welcome as they were to Ontario's pioneers.

Many trees were grown from seedlings, and it was only occasionally that a tree would bear a superior fruit such as the McIntosh, the Northern Spy or the Delicious.

Unless buds from such a tree are grafted on to seedling roots, the same variety will not be reproduced.

Trees must be carefully tended for five to ten years, before they are old enough to bear much fruit. Pioneers had little time for the careful

cultivation that goes into today's commercial fruit.

Settlers did not have sprays to protect apples from insects and diseases and much of their fruit succumbed to frost damage, hail, wind and drought, which are equally "enemies" of today's growers.

The pioneers could not always harvest at the precise period before the apples became too ripe, as present day apple growers do, nor did they have cold storage facilities and controlled atmosphere storage which modern plants employ.

However, the apples stored in cold rooms and fruit cellars provided a fresh and welcome taste through the long winter months, and some of the varieties that originated on early Ontario farms, such as the McIntosh, have been handed down to us as a priceless heritage.

Beware Of Sham Salesmen

An \$80 a week factory worker must pay \$64 a month for 5 years for goods he was told was free.

A woman tricked into signing 60 promissory notes by salesman runs up \$3,840 unawares.

It couldn't happen to you? It is happening to people all over Canada, who are being tricked by sham salesmen.

These men are experts. They often represent themselves as vice-presidents or sales managers of reputable firms whose literature they are carrying.

They will assure you that your signature is just a formality. It is not. Every time you sign one of their bogus documents you may be signing your savings away.

Be warned. When a salesman calls on you take these steps:

1. Ask for identification.
2. Phone office of firm he says he represents or wait and write if this is impracticable.
3. If you are a woman, check with your husband.
4. Tell the salesman you are checking and ask him to call back in 24 hours. If he is not genuine this may put him off.

Poisons -- Household And Drugs

Do you know how poisonous ordinary chemicals and drugs around the house can be? How accessible they are to your children and how carelessly they can be used by adults? Check the labels on those in your own home. You may be surprised to find how many are moderately toxic or worse. Supposedly "harmless" chemicals and drugs can kill just as surely as poisons we regard and treat as dangerous.

In Canada in 1964 there were 421 fatalities from poisoning; 251 or 59.5 per cent of these were due to drugs and solvents around the house. Ten children under five years of age died from overdose of aspirin and salicylates. Twenty-five in the same age group died from other poisons.

Internal medicines accounted for 66.9 per cent of all poisoning cases, fatal and non-fatal, and pain-relieving tablets accounted for one-third of the total number. Cleaning and polishing agents accounted for 15 per cent; pesticides, 5 per cent; petroleum distillates such as kerosene, lighter fluid, gasoline, floor waxes and fuel oil, 3 per cent; and turpentine, 4 per cent.

The most prevalent drugs to cause poisoning among pre-schoolers are

pain-relieving pills such as aspirin, vitamin pills, laxatives and cough medicines.

THE BIBLE TODAY

News from Africa contains several items of information about the Bible. Scriptures have been produced for the first time in Ghana. Short selections from the Bible, including the Gospel of John, have been published

in several languages, such as Ewe, Fante, Ga, Twi, Aka, Asante and English.

Of the 30,000 copies of the New Testament in the Sango language which arrived in the Central African Republic last year, 25,000 had been sold within six months. A new edition has had to be printed. The whole Bible will soon be off the press for the first time. Of the 15,000 original thought necessary, firm orders

have already been placed for 14,250! 1,700,000 copies of the Easter story from the Bible, in various African languages, published under the title, "He Lives!", were especially published by the Bible Societies in Africa for distribution last month.

While a jubilant crowd waited on the steps of Bible House in Accra, some weeks ago for the release of detainees from the prison building opposite, a truck slowly made its way

through the crowds, loaded with a new consignment of Bibles for Ghana. Prisoners were released and the Word of God unloaded . . . !

A Letter To The Editor

What is the matter with this com-
munity? Is it dead? Don't people
care what happens to it? Or do they
just not want to become involved?
Nations and freedoms are lost when
people do not want to become in-
volved, and the disease of non-involvement
which starts in small commu-
nities spreads ever wider to become a
malignant cancer which can destroy
a society.

We have such a case of non-involvement
in our community now. I refer
to Stirling-Rawdon District High
School and the efforts on the part of
a very few to have it removed from
our community. I would like to enu-
merate my opinions for keeping it
here.

1. Teacher-pupil ratio is lower,
which allows more personal attention
to students in need of it.

2. Students travelling by bus to
other large schools are outsiders and
will continue to be outsiders.

3. Students transported some dis-
tance have no opportunity to partake
in extra-curricular activities, which
are a valuable part of education and
learning to get along with people.

4. Courses offered in such great
variety in larger schools have many
pitfalls. A four or five-year general
arts course still provides the basic
foundation for further education.
Many employers give preference to
students from Grade 12 or better.

5. Personal interest in students by
teachers is greater in a small school.
Large schools are referred to, even
by some teachers, as "brain factories
or education mills".

6. At the present time, there are no
schools in the area to accommodate
our students. Some have already
been refused admission to Madoc and
Belleville, on the grounds that there
is no room.

7. The Ontario Department of Edu-
cation is in such a state of flux that
decisions arrived at and implemented
this year are obsolete and disregard-
ed next year, sometimes to return to
older systems, and sometimes to the
detriment of the students they are de-
signed to help.

I could write much more in refer-
ence to the above points, but those
are the basic ones. Now, let us re-
view the situation from a community
aspect.

1. It is a delusion to think that edu-
cational costs will be lowered by
transporting students to a larger
school.

2. Our local high school provides a
local interest for our young people.
Without it, they will seek all enter-
tainment and outlets for energy in
other centres.

3. The mobile population of our
country will avoid this district in fa-
vour of an area which has a school.
Parents prefer to drive to their em-
ployment rather than have their
children travelling long distances by
bus twice a day. This could make
Stirling a ghost town, to the detri-

ment of the Village and surrounding
country. Parents who now deal in
Stirling, because their children go to
school here, will go elsewhere. This
has already been proven by talking
to parents of children who are pre-
sently being transported. Also, the
purchasing power of teen-agers should
not be overlooked.

4. Our High School represents an
industry with a budget in excess of
\$225 thousand dollars with teachers'
salaries alone in excess of \$100 thou-
sand per year. This money is provid-
ed by the taxpayers of this area AND
by the taxpayers of the rest of the
province. A large part of this money
circulates in this community and is
a stimulant to it.

5. How can our Village attract and
keep much-needed professional people
such as medical doctors, dentists,
ministers, etc., if educational facil-
ities in the area are denied their
children? These people can easily
locate in other areas which have
secondary schools.

Once again, I could elaborate, but
I hope I have written enough to stim-
ulate some thought. If those who
would close our school spent half as
much time enticing industry to our
village, as they spend trying to drive
it out, this community with its exist-
ing facilities would soon be bursting
at the seams, our school would ex-
pand, assessment grow, business
boom, and we would become an ag-
gressive, thriving area instead of
maintaining the "status quo" or going
into a decline.

Your school board is trying to im-
plement what they think is best for
the students and the community. So
also, I presume, are your councils.
But how can they be sure they are ex-
pressing the will and desire of the
people? There is only one way. You,
as citizens, must express your opin-
ions often and forcefully to your
elected representatives on your coun-
cils. If you don't, you may have de-
cisions forced upon you which you
will regret as long as you live. In
other words, you must become in-
volved in your community; such in-
volvement opens up new vistas and
makes life much more rewarding.

Time is running out. Say what you
think NOW. The above is an expres-
sion of my personal opinion as a citi-
zen of this community. Do you have
one?

Western Day Will Again Be Feature This Year At Stirling Fall Fair

Local Merchants Plans For Various Activities to Help Boost Patronage of Fair

Stirling Fair Day is only six weeks distant — September 3rd. The Directors are once more hard at work making plans for the show, in an effort to give the customers of the Fair the very best possible kind of exhibition. Certain changes in the programme and prize list which will make a better Fair are planned.

Local Merchants Planning Activities

Local merchants in conjunction with the Chamber of Commerce, are planning various attractions and activities in connection with Fair week. Plans call for the designation of "Fair Dealing for Fair Week" sales. It is also hoped that all merchants will co-operate and change the appearance of the business section into an authentic western atmosphere.

This venture last year proved very popular with Stirling and district residents and it is hoped to be even more interesting this year.

Plans are underway to appoint a Deputy-Sheriff for the week, who will assess small penalties to merchants and others who run afoul of the "law".

The week prior to the Fair, a special edition of the News-Argus will be published, listing all of the special offers by local merchants during Fair Week. An extra 1,000 copies of this edition will be published and will be distributed to non-subscribers in the trading area.

Draw For Pony

A highlight of Fair Week last year was the free draw for a pony. This event will again be held this year. Participating merchants will have free tickets which will be given with every purchase during Fair Week. This year, a number of prizes, donated by various merchants will also be drawn for on the Friday night of the Fair.

Western Games Planned

Ted Cairns, of Ted's Tack Shop, will again be in charge of the Western Games programme for horses at the Fair. This event proved very popular last year and it is expected that there will be a much larger entry of horses for this year's competition.

Some of the contests in the Western Games consist of reining contest, trial horse event, barrel racing, flag race, pole bending, saddle-up race, pony express and quarter mile race. Several new events are also planned for this year.

Parade Planned

A parade is also being arranged for Saturday morning of the Fair — September 3rd — from the Fair Grounds to the business section. This event is scheduled to commence earlier than last year and to date several organizations and merchants have indicated that they would be entering a vehicle in the parade. Numerous clowns and other walking personnel will also be in the parade.

Entertainment

Jack McCaughen will again look after procuring talent for the grandstand entertainment and the hiring of a name band for the dance at night.

Midway

Robertson Midway again have been signed to a contract and will provide excellent rides and concessions for Fair patrons.

Circle Saturday, September 3rd, on your calendar and make a special effort this year to attend Stirling Fair.

At Masonic Grand Lodge

Craig Watson, Worshipful Master of Stirling Lodge, No. 69, A.F. & A.M., Wor. Bro. James Pollock and Bros. Harry Vandervoort, Robert C. Hoard, Robert Mansell and Russell Sillis attended the Wednesday sessions of the Grand Lodge, A.F. & A.M., of Canada in the Province of Ontario, which were held in Cedarbrae School, Markham Road, Toronto. They also attended a banquet that same evening, held at the Royal York Hotel.

Juveniles Win Over Holloway

In an exhibition fixture at the Henry St. Park on Friday night, the Stirling Juveniles won 8-1 over Holloway of the Thurlow-Sidney District League. Don Burkitt went the distance on the mound for the winners with A. Peeling behind the plate.

Haywagon Tips, Leg Broken

A 15-year-old Madoc boy suffered a broken leg Saturday evening when a haywagon on which he was riding tipped over as it was descending a hill.

Larry Carswell was taken to Belleville General Hospital about 5.30 p.m. Saturday, following the mishap, which occurred a mile west of Madoc on a county road.

Another Madoc youth, 18-year-old George Atkinson, was driving the tractor that was drawing the haywagon.

"Awards Night" For Swimming Class

(By Mrs. Percy MacMullen)

At River Valley School House on Saturday evening, July 16th, the annual "Awards Night" or the swimming class was sponsored by River Valley Women's Institute. Approximately one hundred and fifty men, women and children were in attendance and they included eight members of the R.V.W.I.

The swimming class at the Kinsmen's Pool, Belleville, began Monday, July 4th and closed Sat., July 16th, under the direction of pool manager Jim Clelland.

Fifty-two children were transported daily from River Valley to Belleville by chartered bus. Two mothers chaperoned the children each day.

Mrs. Glenn Bush, President of River Valley Women's Institute, welcomed the group and she gave a full explanation of the expenses involved. They were: pool fees, \$166.50 and bus transportation, \$150.00.

Each child paid four dollars for the eleven days of swimming instruction and River Valley W.I. gave a donation of \$108.50 to cover the rest of the expenses.

Mr. Clelland spoke briefly and presented each group of children in the Junior, Intermediate and Senior classes with their certificates and pins. Mr. Jerry Muldoon, a member of the pool staff was also in attendance at the party.

Barbecued hot dogs, coffee and freshies were served on the school lawn and all enjoyed a social half hour.

The parents were in favour of another swimming course in 1967 if the Institute was agreeable to donate towards expenses.

The fifteen children of Institute members were: Joyce Carr, Judy Donohoe, Jane Bush, Susan Bush, Judy Bush, Trudy Bush, Rhonda Myers, Connie Tucker, Shirley Ann McDonnell, Barbara Wilhelm, Cathy Wilhelm, Grant Carr, John Bush, Steven Bush, John McDonnell.

The twelve grandchildren of Institute members were: Shelley Farrell, Donna Tucker, Susan Tucker, Judy Tucker, Beverly Bush, Ricky Farrell, Wayne Tucker, Kenneth Couch, Terry Bush, Rodney Bush, Keith Brooks, Jeffrey Farrell.

The twenty-five community children were: Sheila Richardson, Violet Richardson, Jane Richardson, Jean Richardson, Kelly Dobson, Nellie Bartels, Mary Bartels, Donna Farrar, Carol Vandervoort, Pamela Lakeman, Marlene Poshay, Valerie Parr, June De Haan, Neil Morrison, Wayne Breaux, Lloyd Breaux, Mark Dobson, Mark Foshay, Michael Lakeman, Gary Utman, Douglas Parr, Tony Johnson, Ivan Johnson, Randy McCullough, Doreen Hubble, of Mount Pleasant.

A very interesting and amusing programme was enjoyed with all Lodges contributing.

Lunch was served in the banquet hall by hostesses Marion Heath, Edith Bradshaw and Isobel Good, with favours for all from the D.D.P.

JACK FRASER AND BRIAN MOORE IN CAR ACCIDENT

Two men injured in a single car accident six miles west of Stirling early Saturday night are in Trenton Memorial Hospital with multiple lacerations to the face and back and possible head injuries. They are Jack Fraser, 20, of Glen Ross, and a passenger in the car, Brian Moore, 19, of Ivanhoe.

Reports indicate the accident occurred when the car rolled over after striking an embankment on the Glen Ross Road, on the west side of the Trent River. The car came to rest on its roof, on the roadway, and was described as a complete write-off.

Curious motorists who followed an ambulance to the scene of the accident caused an hour-long traffic tangle.

Vacation Church School At St. Paul's United Church Very Successful

Held From July 4th to July 20th — 92 Enrolled; 60 Received Certificates

A very successful Vacation Church School was held at St. Paul's United Church from July 4th to July 20th, each morning. There was a total enrolment of 92 and over 60 children received attendance certificates. The materials used were those suggested by the Canadian Council of Churches, Christian Education Department. The theme for this year was "The Church at Work and Worship".

The Junior course stressed the fact that in every age the church has had to confront the indifference of the world and the indolence of its own membership. For instance, the purpose of Session IV was "To realize that the church in different parts of the world has frequently been surrounded by powers that would crush it, but that often through the faithfulness of very humble or oppressed persons, it has come to new life and has spread the gospel far and wide. Each church member should witness for Christ wherever he may be — even in enemy hands, or in a slave market, or among those who might try to do him wrong."

The closing of the School was held on Wednesday night, July 20th. There was a good attendance of children. However, leaders of the Vacation School were disappointed in the attendance of parents and interested people.

Our thanks to the following who gave of their time and talents to the school: Kindergarten — Suzanne Bailey, Ida Mae Bailey, Mrs. J. Downey, Anne Watson, Chris Preston, Bill McArthur; Primary — Mrs. Harry Waite, Mrs. Don Williams, Mrs. J. B. Small, Mrs. Blake Faulkner, Beth Bastedo, Linda Faulkner, Dianne Woodcock, Darlene Fox; Junior — Eugene Burrell, Mrs. C. West, Sue West, Vicki Hay, Nancy Williams, Rev. J. B. Small. Thanks to St. Paul's U.C.W. for freshies and cookies each day.

Engagement

Mr. and Mrs. Wm. R. McAdam, R.R. 3, Stirling, Ontario, wish to announce the engagement of their eldest daughter, Helen Sally, to Mr. Paul Frederick Jeffs, son of Mr. and Mrs. Wm. New Books At The Library

There are some very good new books at the Library for your summer enjoyment.

For the very little reader there are the following: "Mike Milligan", "Snowy Day", "A Time of Wonder", four Lois Lenski books, "The Little Auto", "The Little Airplane", "The Little Farm" and "Papa Small"; "The Upside Down Man", "Humbly Witch" and others.

For the junior reader we have: "Jean and Johnny", "The Luckiest Girl", "Luxury Nurse", "Legacy For Lori", "The Tender Branch", "Rendezvous in Amsterdam", "The Travels of Monarch X", "Hard Smash to Third", "The Golden Trail", "Hillbilly Hunter", "Mystery of the Angry Idol".

New non-fiction for adult readers is plentiful and sharply interesting: "Letters to Karen", by Charlie W. Shedd; "In Cold Blood", by Truman Capote; "Kruschev", a biography by Edward Kravskov; "The Trial of Stephen Truscott", by Isabel Lebourdais; "The Last Battle", by Cornelius Ryan, author of "The Longest Day". Also on our shelves: "Why Shoot the Teacher?", by Max Braithwaite; "The Green Berets", by Robin Moore. Three useful books are: "The Art of Driftwood and Dried Arrangements", "Better Homes and Gardens", "Cooking with Cheese" and "Vegetable Cooking" and "Around the House With Heloise", a household hints book.

Adult fiction brings back the names of familiar authors: "Columella", by Phyllis Whitney; "Surgeon U.S.A.", by Frank Slaughter; "The Room Upstairs", by Monica Dickens; "A Door Fell Shut", by Martha Albrand; "Hangman's Beach", by Thomas Radford; "No One Hears But Him", by Taylor Caldwell; "The Solid Mandala", by Patrick White; "A Country of Strangers", by Conrad Richter; "The Moon Is a Harsh Mistress".

A friend of the Library gave us an assortment of westerns, mysteries and light novels in paperback bindings. These are being enjoyed and have been appreciated.

The Film Council expects to be functioning by early September and memberships may be paid to Mrs. Gordon Bailey, Front Street, or at the Library.

Holiday Period

Library holidays are from August 14th for two weeks, opening again on August 30th. Additional books may be taken for holiday reading and, of course, the seven-day books become fourteen-day books for that period. An announcement will be in the paper to remind you. Happy reading!

Division Court In Frankford Is Closed

The Attorney General's Department has advised 9th Division Court Clerk Arthur Holsey, Jr., Trenton, that in accordance with a regulation filed on June 23rd, the 8th Division Court at Frankford is no longer in existence. The late J. C. Adams served as clerk of the Frankford Division Court for many years before his death.

The letter, directed to Clerk Holsey, requested he assume the functions and duties of the former Frankford clerk from his office in Trenton.

Tourist Association Met In Stirling

The Highlands of Hastings Tourist Association held their regular monthly meeting at the Council Chamber, Stirling, Mr. Greenshields, representative from the Department of Tourism and Information spoke briefly to the meeting, complimenting the president, Mr. H. W. Rose, on the progress the Association was making to promote tourism in the Highlands of Hastings.

Mr. Sprague reported thirty new members to date. A motion was carried to request the erection of signs stating "You Are Now Entering the

Highlands of Hastings" at the entrance of all major highways in the County. Progress was reported on the brochure, and it is hoped it will be complete for Belleville Fair.

The next meeting will be held on the second Friday in August.

Former Resident Dies In Toronto

It is with regret that we report the passing of Mr. Melville R. Johnson in a Toronto Hospital on Sunday, June 26th, 1966. Mr. Johnson was born in Rawdon Township on May 20th, 1898, one of twin sons of the late Mr. and Mrs. G. Alexander Johnson.

After receiving his primary education at Stirling, he remained on the farm home for several years, following which he entered the business world in Peterborough. He then married Miss Hazel Bolton, of Lakefield, Ont. Later, they moved to Detroit, Michigan, where he carried on a most successful business.

He was a member of the Methodist Church in Detroit and upon returning to Canada after his retirement, transferred his membership to Peterborough, Ont. He was a member of Westlawn Masonic Lodge in Detroit, Michigan.

He was predeceased by two brothers and sisters. Besides his wife, Hazel, he leaves to mourn his loss,

his twin brother, Dr. Melbourne I. Johnson, associate pastor at First Methodist Church, Ann Arbor, Michigan; a sister, Lottie (Mrs. A. F. Richardson), of Brockville, Ont., and a sister, Lena (Mrs. C. R. Totton), of Regina, Sask.

Interment was in Rosemount Memorial Gardens, Peterborough, Ont., with Rev. Frank Whiteley officiating.

Relatives from a distance attending were Mr. and Mrs. Ray Williams, of Campbellford, Ont.; Mrs. Herb David and Miss Lenora Williams, both of Stirling; Mr. and Mrs. Ennis Hartin, of Toronto; Mrs. Odile East, of Detroit; and Mr. Lloyd Johnson, of Syracuse. Also present were a number of the close friends of the deceased from Detroit and the Peterborough area.

Motorcycle Riders May Undergo Tests

Ontario motorcyclists may soon have to write special tests to get a learner's permit, W. J. McIntyre, director of the transport department's driver examination branch, said recently.

A department spokesman said earlier that motorbikes are becoming a major problem because of the high rate of accidents in which they are involved.

There were 2,390 motorcycle accidents in 1965 in the province, killing 21 drivers and 11 passengers and injuring 1,889 drivers and 476 passengers.

The transport department is considering a manual for special tests beyond the normal "rules of the road" examinations which must be written now.

What Others Say

CHECK YOUR INSURANCE POLICIES (Tweed News)

One of the unique things about editing and writing for a local weekly newspaper is the fact that one is brought into close contact with the people who make the news. There is none of the cool detachment common to the larger news gathering where impersonal Teletypes belch out reams of copy to be selected or discarded at will. For us who work in the weekly press, the personal joys, sorrows and misfortunes that occur in the lives of our readers, also touch our personal lives to a certain degree.

True, in time, one tends to view accidents, and death and tragedy with a certain degree of detachment, but try as hard as one likes, it is impossible to escape a feeling of sympathy for those involved.

One of the things we dread is a farm fire, and particularly one where livestock are burned in the barns. We doubt very much, if there is a reporter or an editor, who can stand beside the smouldering remains of a farm building and discuss the loss with the owner, without feeling a twinge of sympathy. All too often the loss of the building and the livestock represents a lifetime of planning and hard work.

Perhaps we have been more unfortunate than most editors, but we have covered no less than twelve farm fires in the past five years. Three of these have occurred in the Tweed district since mid-March, and have involved an estimated loss between sixty and eighty thousand dollars, including 132 head of livestock, feed, machinery, and countless smaller items of farm equipment.

We are not suggesting for one moment that the owners of these buildings were any more accident prone than their neighbours, in fact all of the fires were what we in the newspaper business call "fires of unknown origin". Regardless of the cause of the fires, however, these men were faced with the considerable task of rebuilding, and obtaining replacements for livestock lost in the fires.

It is not our intention to lecture our readers on fire safety, or urge them to clean up fire hazards on their property, that is something we are not qualified to do. In our opinion, however, we feel justified in suggesting that they get out their insurance policies and have a good look at the coverage in the light of present day building and replacement costs.

We know from talking with persons who have experienced loss by fire, that insurance, while it is a wonderful help, is seldom sufficient to cover the costs of replacement.

Judging from our experience, we would hazard a guess that the average insurance policy has not been updated in the past ten years. The policy holders and the agents have gone on automatically renewing the policies without thought of present cost trends. You may find, like Amos and the Kingfish, that the big print giveth and the little print taketh away.

Let us make it clear that we are not selling insurance, we are about as

far away from the insurance business as it is possible to get in this modern economy of ours, but we would like to think that all of you have adequate coverage should the need arise. Remember, hard-boiled and all as we editors may be, we can't help wondering what the words mean, when we say that "the loss was partly covered by insurance."

Delay Can Be Fatal

If a poisoning emergency occurs, how well-prepared are you to cope with it? You need expert help fast. Delay can be fatal. Find out where the nearest Poison Control Centre is located and keep the telephone number posted with your other emergency phone numbers. Poison Control Centres have been established in many communities in Canada to assist doctors in treating victims of poisoning. Lists are kept of household and other chemicals with poisonous contents. If a doctor is not readily available, or there is no hospital in your community, call the nearest Poison Control Centre for information on what to do. Give as much detail as possible about the poison, its trade name, etc.

If the victim is unconscious or having convulsions, rush him to hospital or doctor FAST. Do not give him fluids. Take along the poison container, the label, and any matter that has been vomited so that the doctor will be able to determine what antidote to give. The victim should be placed in a prone position with his head to one side and not resting on a pillow. This helps to prevent vomited matter from entering the windpipe and to keep the tongue from blocking it.

Water Safety — The Buddy System

In Ontario's Provincial Parks' public safety program the buddy system of swimming is encouraged by the use of posters, films and mimeographed bulletins.

This technique is a simple extension of the well-known safety practice of never swimming alone. While beach patrol officers are employed where warranted to maintain order and assist in emergencies, it is an impossibility for them to watch every beach user. It is indeed difficult for the individual parent with a number of children to properly supervise the family groups while in the water, when varying degrees of proficiency in swimming skills tend to separate and divide the family.

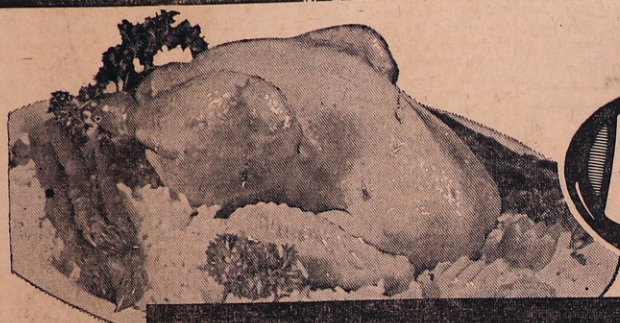

The Buddy System is an aid in overcoming deficiencies in supervision. Every bather in the group should have a water-buddy in their own swimming class. Beginners should be assigned buddies from the non-swimming group. The better swimmers should be paired off in order that they have buddies of comparable ability to enjoy the sport and compete with.

Instructions should be issued to every twosome that each member of the pair stays close to watch the opposite member. In the event of any emergency, give warning by shouting or contacting the parent or beach patrol officer.

The Buddy System will be beneficial in preventing many of the needless drownings which occur annually. However, it must be stressed that children under 7 years of age and all non-swimmers should be supervised while engaged in water recreation by a competent adult.

CALL BACK YESTERDAY

The following editorial first appeared just ten years ago in the June, 1956, issue of *Industry* under the caption "Worth Pondering".

Mr. Walter Harris came up recently with a revealing statement and an interesting comment, both of which deserved a good deal more prominence than they got.

The statement: "One-third of the annual income of the Canadian people is taken away from them in the form of federal, provincial and municipal taxes."

The comment: "This is a situation worth pondering."

It is indeed. Certainly the dispossessed will hardly disagree with him. The fact is all too obvious, and painfully so.

Mr. Harris knows what he is talking about. On this subject he is an expert. As federal Minister of Finance he takes the biggest slice of all.

The doctrine that governments can spend the people's money better than the people themselves is not a new one. But it remains highly fashionable. More so than ever.

Most governments in the world reflect it to a greater or lesser degree whether they pay lip service to the principle of a free economy or not.

Thus it is that in France, a grass-roots movement with no policy other than the abolition of taxation achieves success at the polls. Of course, it is an absurd notion which cannot be seriously entertained for a moment unless we wish for anarchy.

Every responsible citizen recognizes that some taxation is inevitable. There are some basic services which can only be administered by a unified central government. But there must be a limit. Or must there?

For some years now the annual value of goods and services produced by Canadians has been rising. So has government expenditure. Sharply and inexorably. And on such a scale that it long ago ceased to be funny, if indeed it ever was.

The administrative functions of government have become enlarged and transformed out of all recognition. Ottawa today controls an army of almost 170,000 civil servants, one-thirtieth of the total civilian labour force.

Proposed federal expenditure in the current fiscal year is estimated at a staggering \$4,650 millions. The theory of high taxation being necessary to curb inflationary tendencies in an expanding economy is made to look more than a little sick.

At the same time, we are told that Canadians have insufficient capital with which to develop their own magnificent resources. Unless someone calls a halt somewhere they are never likely to have much more.

How long can it go on? And where are we going anyway?

Good questions. The most alarming aspect of this situation is the few people who seem to care. Or if they do, their voices are hardly audible above the din of those who, incredible as it may seem, would have the total of the people's money spent by the government go yet higher.

We do well to ponder. — Industry.

Do You Remember?

— TWENTY-FIVE YEARS AGO —

ISSUE JULY 24th, 1941

Highway No. 14, between Stirling and Marmora is being given a seal coat of crushed gravel and tar.

Earl Fox, of Stirling, won the District Singles Lawn Bowling Competition in Belleville on Friday.

Miss Madge Gray, teacher of the primary room at the local public school for the past year has resigned.

Mr. and Mrs. Jack Brown and Eleanor, of Hoad's Station and Mr. and Mrs. Earl McAdam and Lois attended the official opening at

Mountain View Airport on Saturday. Mr. and Mrs. Douglas Smith and daughters, Ottawa, are guests of the latter's parents, Mr. and Mrs. Herb David.

West Huntingdon

Stook threshing officially opened the threshing season here, when Nelson Stapley, Goldie McInroy and Elmer Wilson started on their usual routes last week.

Spring Brook

Mr. and Mrs. Ken Ray spent the week end at Minden.

Mrs. C. A. MacConnell has returned home from Fort William where she has spent the last few weeks.

Many a poker loss is the result of sitting up with a slick friend.

Honoured On 25th Anniversary

A happy event took place at Hillcrest, the home of Mr. and Mrs. Robert C. Hoad, on Saturday evening, July 16th, when Mr. and Mrs. Clayton Thompson were honoured upon the occasion of their twenty-fifth wedding anniversary.

Some 60 guests enjoyed a sumptuous wedding dinner, after which Mr. Robert Hoad, twin brother of the bride, acted as master of ceremonies. He called upon Dr. R. W. Thompson for some highlights of happenings in the past twenty-five years since he had been his brother's best man. Other good wishes were extended by the sons of the honoured guests, Tom and Dick, the bride's father, Mr. Charles Hoad, and also Mr. Joe Thompson and Mr. Allan Wells. Mr. Jack Bush rendered two delightful solos.

Betty and Clayton were married in the same home, July 16th, 1941, by the late Dr. C. S. Reddick. The bride was attended by Mrs. R. W. Thompson, as bridesmaid, and Mrs. Allan Wells, as flower girl. Mrs. A. W. Conn played the wedding music and Mrs. Keith Davey sang.

Guests present were: Mrs. George Thompson, Mr. and Mrs. Joe Thompson and Mary Ellen, Mr. and Mrs. K. B. Thompson, Mrs. Percy Smith, of Spring Brook; Dr. and Mrs. R. W. Thompson and family, of Hamilton; Mr. and Mrs. Tom Thompson and Jim, Mr. Dick Thompson, Mr. and Mrs. Chas. Hoad, Miss Ethel Thompson, Mr. and Mrs. Ronald Parr, Miss Barbara Watson, Campbellford; Mr. Hugh Hoad and Miss Sandra Chambers, of Guelph; Miss Norma Hoad, Belleville; Mr. and Mrs. Jack Bush and family; Mr. and Mrs. Allan Wells, Mr. Fred Sutherland and Verna; Mr. and Mrs. Elville Wannamaker and Ruth, Mrs. Clarence Sutherland, Mr. and Mrs. Geo. Sutherland and Fred, all of Stirling; Mr. and Mrs. W. A. Sutherland, Milliken; Dr. and Mrs. A. W. Conn, Mr. and Mrs. Archie Harjes, Toronto.

Pastures, Hay, Grain, Corn Require Rain

Pasture growth, the second hay crop, and spring grain in Hastings County have all been affected by the lack of rain, the Stirling Agricultural Office reports.

Decreased milk production will result from the lack of pasture growth if supplementary feeding is not carried out. The second cut of hay will be short without rain and in some areas hay is already too far gone to yield a normal crop.

Early corn is still satisfactory although other varieties need moisture. Rain is necessary now if serious losses are to be avoided.

Thirtieth Annual Fleming Reunion

The annual Fleming picnic-reunion like the family itself, is getting bigger and better each year. Favoured with an ideal picnic day, over 140 members of the Fleming Clan gathered at the Tweed Park at noon on Sunday, July 17, 1966, for lunch. In the absence of the president and vice-presidents, Mr. Harry Rollins acted as Chairman of the group and conducted the necessary business.

Mrs. Delbert Francis was in charge of the games and races for the children and those lucky enough to win were rewarded with prizes, with all the children receiving a special gift. The children entered the games with great spirit and later most enjoyed a swim or played ball. The adults gathered again for distribution of special prizes by Mrs. Delbert Francis. The prize for the oldest member present at the picnic went to Mr. Thomas Tanner, 82, while the youngest was Brennan Devolin, 5 months. The latest bride was Mrs. Jack Francis and the person present who had travelled the farthest to attend was Mrs. K. W. Wright, Ottawa. A special prize was awarded for the nearest birthday and this went to Michael Rollins, whose birthday was Sunday.

The minutes of the previous reunion and the treasurer's report were read by the secretary-treasurer, Mrs. Edward Fleming, who also moved the adoption of these reports. A review of the family by the Historian, Mrs. Harold Francis, showed three marriages, four births and three deaths over the past year, as follows: Marriages — William Love to Agnes Andrews; Jack Francis to Mona Reid; and Marvin Tanner to Norrie Jack. Births — Brennan Ernest, son of Mr. and Mrs. Jack Devolin; Tracy Edna, daughter of Mr. and Mrs. Thomas Neal; Carol Ann, daughter of Mr. and Mrs. Alex Fleming; Tamara Jane, daughter of Mr. and Mrs. Wayne Hodge. Deaths — Mrs. William

John Moore, Mrs. Margaret Jane Tanner and Mr. Foster Twiddy. Those who had passed on during the year were remembered in a few moments of silence by all those present.

On motion of Mrs. Will French and Mrs. Harry Rollins, the secretary-treasurer was re-appointed for another year. Also re-appointed was Mrs. Harold Francis as the Historian of the Clan. In this connection, comment was made that next year being Centennial Year for Canada, it would be an appropriate time to have the family tree brought up-to-date and this effort will be made during the year. An other motion was entered on the record book to hold the annual reunion for 1967 on the third Sunday in July and again in the Tweed Park.

Mr. K. W. Wright, Mr. Morley Tanner and Mr. Fred Bateman were asked for comments and all expressed pleasure at being present at such a fine reunion and regret that there were so many branches of the family not represented.

Those who had time to do so stayed on to enjoy the fine beach and swimming and then concluded the day with a supper lunch. An invitation was extended to all the Clan to return for the next reunion and to bring the whole family.

Salem W.A. Meets

The July meeting of Salem U.C.W. was held Thursday afternoon with seventeen members present. The president opened the meeting with the Lord's Prayer in unison. Roll call was answered.

A letter of appreciation for the use of chairs was read from Harold School. Items of business were discussed. Several thank-you's were expressed for kindnesses and remembrances. Mrs. George Sine gave the financial report to date. Mesdames Leafa Heagle, Tom Clements, Ern Broadworth and George Sine were appointed as a committee to arrange for an August wedding.

Mrs. F. Lebow then presided over the programme. Mrs. Evelyn Sine read the Scripture Lesson. A hymn was sung and Mrs. Lebow gave the meditation entitled "The Gift of Freedom". A hymn was sung and collection received. The meeting closed with the Benediction.

Following the meeting, preparations were set up for the wedding on Saturday and lunch was served.

Carmel U.C.W.

The July meeting of the U.C.W. was held in the Church Hall on Thursday afternoon with Mrs. Farnk Keating as hostess.

The president, Mrs. Douglas Pyear opened with a poem, a hymn and prayer and then conducted the business.

Mrs. Ron White was in charge of the programme and gave a reading from a devotional book. Mrs. Ray Hagerman read the Scripture lesson.

Mrs. Jack Armstrong introduced Mrs. Floyd Armstrong, President of the Horticultural Society, who read "A Tree Sermon" and gave a talk on gardening problems, answering questions on soil conditions and garden pests. She was presented with a gift.

Mrs. White conducted a contest and the hostess served lunch.

The word engagement has two meanings: In war it's a battle; in courtship it's a surrender.

FUNERALS ARE A NECESSITY

Funeral service facilities, like those of a hospital and other community institutions, are ready to render an immediate service every hour of the night and day — and 7 days a week. And no one is refused service in time of need—regardless of circumstances. This is a community obligation and responsibility to which we are faithfully dedicated.

Miss Mary Lowey, of Hamilton, is visiting Mr. and Mrs. Thos. McKeown and Paul.

Mr. and Mrs. Ellis Jones called on his mother and sister, Mrs. G. W. Jones and Mrs. Thelma Tulloch in Stirling, on Sunday evening.

Mrs. Emma Bateman, of Spring Brook, is spending some time with her granddaughter, Mrs. Wes. Finch, her husband and Garry. On Sunday, Mr. and Mrs. Wes. Finch and Garry, Mrs. Mabel Finch and Mrs. Emma Bateman visited Mr. and Mrs. Fred Martin, at Lakefield.

An accident, that could have ended in tragedy, took place near the Union School on Wednesday evening, when Bill Thompson, son of Mr. and Mrs. Johnny Thompson, lost control of his car, when meeting his father who was moving a hay baler. Mr. Thompson was unaware his son had met with an accident until he looked back, after going some distance, to see his son's car in the ditch. Bill

received a severe shaking up and the car is an almost total wreck.

Half Million "Tired Homes" Cruise Highways

The advantage of owning a home on wheels (house or cabin trailer) brings a series of responsibilities to the owner. High among them are the tires for the trailer, and their care.

The Canadian Highway Safety Council brings a few hints to the more than 500,000 owners of "tired homes" in Canada, based on advice from the Rubber Association of Canada.

The worst potential safety problem involving mobile homes is the tendency of some owners to overload or underinflate tires. Both can cause premature tire failure. There are tires designed exclusively for trailers, built in various sizes and requiring much higher pressures, often as much as three times more than cars.

At full-rated load and inflation, they should never be run at speeds exceeding 50 miles an hour. As with any tire, the pressure in a mobile home tire should be checked only when the tire is cool, never "bled" or reduced when tires are hot from running.

Extra weight in the trailer adds strain to the entire unit. This strain is transferred through the tongue and hitch to the car. Owners are urged to check the manufacturer's tongue-load recommendations each time. Significant loads are added.

During its national summer safety campaign, "Slow Down and Live", the Council, with the association, advises trailer owners to put the trailer on blocks and remove the tires during a stop of a month or longer. Store them in a cool, dry place. If no such storage is available, leave tires on the block-up unit but well off the ground and deflated to 10 pounds. Park the unit in shade if at all possible.

Mobile-home touring can be made additionally enjoyable with these tire precautions. Without them a vacation could be ruined.

program is to be undertaken by these two organizations to obtain data on the hunting and fishing success of sportsmen in Ontario. According to the Fish and Wildlife Management Specialists, the necessary and vital information collected in this program will be used in setting up management plans for these two renewable natural resources. Both of these organizations have long been active in the field of conservation and this very ambitious program is being undertaken with the hope that the sportsmen of Ontario will co-operate in the knowledge that supplying the data required will give every sportsman the chance to help himself and future generations to a greater enjoyment of the outdoors.

Sportsmen will be asked to fill out Data Forms covering their fishing or hunting trips. The data will provide valuable aid for fish and wildlife management programs. With some species of game, tall feathers or wings will be requested for biological studies. Sportsmen who submit data forms will receive an acknowledgment and a membership in the Carling Conservation Club. The members will be kept informed of the latest developments in fish and wildlife management through periodic publications. Data Forms are to be mailed to the Secretary-Manager of the Federation who will sort the data and turn it over to those concerned for analysis and study.

Data Forms will be made available through sporting goods dealers, license issuers, resort operators, affiliate clubs of the Federation and many other convenient places where anglers and hunters may pick them up. Data Forms can also be secured by writing to the O.F.A.H., Box 600, Willowdale, Ontario.

PARENTS' RESPONSIBILITY IN PROVINCIAL PARKS

One of the major safety problems in Ontario Provincial Parks results from children who are neglected by their parents, being lost, injured, or drowned. It is thought by many Department staff that the relaxing atmosphere in parks produce a care-free and careless attitude in the minds of many normally conscientious parents.

While every effort is made to ensure that Provincial Parks are safe recreational areas, hazards inherent to human occupancy are present in parks just as they are in towns and cities. Fortunately, traffic moves at a slower speed in parks, for youngsters forget the wise advice of teachers and parents to stop and look both ways before crossing the street and heedlessly run across roads.

Tools such as knives and axes which are stored out of reach of curious hands in the home are left within reach of the little fingers at

the campsite. The fascination of the campsite is known by all. However, it seems to really attract the tots who approach much too close to the sorrow of all when a spark strikes causing a burn.

Our safe sand beaches with the trained Beach Patrol Officers delude parents into thinking that here is a free baby sitting service. Unfortunately, the highly competent Beach Officer cannot watch all beach users and children get into difficulties and sometimes drown without anyone noticing.

During the summer of 1965, Southern Ontario Parks reported 178 lost children. Each of these incidents required a search by Department staff and while happy results were obtained from the searches, every case caused mental anguish to the parents concerned.

We stress, parents are responsible for their children while visiting Provincial Parks and the children must have the parents personal care and attention.

Summer Water Safety Tips

Canada has a wealth of lakes, rivers and seashores and also an abundance of drownings. Increases in the yearly number of drownings can be prevented if every person will exercise an extra measure of care in his water sports.

Swimmers are reminded to seek instruction from qualified teachers and to learn the basic techniques of life-saving. At no time should persons swim when overtired or directly after a meal. In addition young children,

especially, should be provided with life preservers when they are playing in or near the water. These and other precautions will insure a safe and pleasant season for every swimmer.

Life preservers are essential, too, for water skiers and for boat operators. It is wise to be prepared for tumblers which on the water may happen unexpectedly.

Ontario's consumption of electric power will triple in the next few years to reach an estimated 22 million kilowatts. Power from nuclear and coal-burning stations will exceed that from hydro-electric sources by 1970.

A Letter To The Editor

Dear Sir:

On the subject of whether Stirling should continue to maintain a small High School or join some larger area, a writer has enumerated the advantages of the smaller system. Decisions of this magnitude should be debated, and for this reason I would like to challenge some of the statements made that give the impression that a large High School is harmful to our students. I have taught in both and in my opinion a school of about 1000-1500 students is ideal. With one eye on the comments made by Dr. Murray, I would like to point out a few of the advantages of a large school.

First, the larger school operates on a department basis in each subject. Specialists in the subject area accept the responsibility for maintaining

standards in the subject. Junior members of the department receive direction and assistance from this experienced person throughout the year. In a small school departments do not exist. Seldom is anyone with specialist training in the subject field available to supervise a beginning teacher. The responsibility is left to the principal, who in turn, has a full schedule of teachings and administration. For this reason, a teacher-pupil ratio cannot be used to judge the effectiveness of the teaching if the Board has failed to attract well-qualified teachers. Larger schools have greater incentives to attract the experienced teacher and for this reason the pattern of teacher movement is from the smaller to the larger school. A small school that has experienced teachers every year is unusual and lucky. Larger schools get beginning teachers, too, but they are closely supervised and assisted. Participation in extra-curricular

STIRLING HORTICULTURAL SOCIETY

activities has been quoted as an advantage of the smaller school. A large school will have over 50 school teams and clubs in addition to inter-form competition. Such diversity is much greater than a smaller school could hope to offer and can satisfy a wider range of student interests. In Belleville, an activity period is held from 3.15 to 4.10 each day to allow all to participate. Frankford and Batavia students are just as active as Belleville students because their buses do not leave until 4.16. Certainly they are not treated as "outsiders", nor do they behave as "outsiders".

The great variety of courses offered in the large school is the fundamental advantage. The modern school recognizes the fact that people are different — different abilities, intentions and needs. I agree that the 5-year general Arts course is the foundation for future education and it was good enough 10 years ago. However, today nearly everyone is staying in school. Half, at least, of the school population do not want, or cannot get a 5-year Arts course for a variety of reasons. Requirements in the post-secondary school are changing also as specialization increases, so that even the 5-year Arts course is no longer adequate unless sufficient options are given within it. The state of change within the Department of Education reflects these changes in society and many complain that the Department has been too slow!

To remain obsolete in the hope that some day the Department will move back to small schools and simple courses is wishful thinking when you consider that the educational structure from elementary school to university is being groomed to accommodate the changes mentioned.

I cannot accept the argument that teachers in a smaller school take a more personal interest in the students. The teacher in a larger school has as much contact and knowledge of the student as he needs to have. Guidance facilities alone cannot be matched by the smaller school. Students receive a complete range of assistance in any matter that affects school progress. Most of these services are not available in the small school. A teacher in a large school has many ways to develop an understanding of the members of his classes. In addition, decisions can be made and assistance given without consideration of small-town politics.

For the good student, a larger school is a greater challenge. Competition is generally keener and he gets a more realistic view of his abil-

ity and progress.

Few people will leave Stirling because their children have to go to High School by bus. Frankford has not lost its parents. Perhaps some Stirling parents will leave if there is not some assurance that suitable courses will be available to meet the needs of their children. To quote the writer, "There are no schools in the area to accommodate our students." The question that the community might ask is, "And why have they not been provided?" At present, a family could have children in three different systems in the district, in none of which the tenure is certain.

The economic argument presented in opposition to centralization is weak. Any loss of money to the community could be offset completely by a centralized elementary system in Stirling, if the changes were co-ordinated.

Economics is a regional matter anyway. For example, teachers live here now who teach elsewhere and some Stirling teachers have not lived here. It is doubtful that any change in the location of the High School would

have a serious effect on Stirling because of the many compensating factors. The subject is too large to deal with in a paragraph.

In conclusion, the first aim of our educational system is to satisfy the needs of our students. The pattern in North America is to larger units both at the elementary and secondary level. Adjustments will have to be made now and in the future, even if they are painful. Unless, of course, we are different.
